OUTLAW PRESIDENT

most polls are rigged

Americans now fully realize that heretic liberals will twist, pervert and permanently deform the Justice System without any regards, to stop President Trump from getting re-elected, *again*. The Progressive Democrat Judge Juan Merchan presided over a weaponized court to manipulate the trial to ensure multiple convictions, that were based upon criminal acts that covered up another crime, otherwise there would be no crime. With tainted courtroom skill he assisted the prosecutor Alvin Bragg to acquire guilty on all 34 charges, from the Democrat Manhattan Jury but never specified what was the underlying crime President Trump tried to conceal. In fact, his Jury Instructions implied they could just pick one of their own and didn't need to know what it really was but needed to make it a crime, by altering business records to cover up the unnamed crime. Wow, that was some created courtroom magic! President Trump was convicted of committing a criminal offense in support of another crime 34 times, but nobody needed to know what the other crime was. So much for America's justice of being innocent until proven guilty. Well, maybe that's how the law and courts work in Bogota, Colombia where Judge Merchan was born and raised, but later the higher courts will show him that's not how it works here in America. The real truth is, they fully knew that from before they started, their goal was to get a criminal conviction, while keeping President Trump tied up in court and off the campaign trail, as Biden took full advantage of it. To have the News Media repeatedly show a *"criminal Trump in court, then to be found guilty of being a criminal"*, all to the advantage of Joe Biden's re-election, his campaign television AD's are heavily promoting it. Their criminal ploy failed, in just the first 24 hours after the sham trial, America donated over \$53 Million in small donation to his re-election campaign. America's citizens are "pissed off" by their destruction of our sacred base of our Democracy, the Justice System for political profit. It is no secret that both Judge Merchan and Prosecutor are active Progressive Democrats and made donations to both of Biden's campaigns, but more importantly is the fact that Judge Merchan also made a donation to a radical-left organization called *"Stop Republicans"*. To help you understand the control Obama's Progressive Democrats have over the New York Court System know this; somehow 'acting' NY State Supreme Court Judge Juan Merchan was *'randomly selected'* to preside over Trump's criminal trial. What false "good luck" for Joe Biden and Barack Obama! Even Presidential candidate Robert F. Kennedy Jr. said on June 1, 2024, "This conviction is going to backfire on the Democrats." Which implies that it was all a "Set Up" conviction by Joe Biden and Obama for political advantage! President Trump's after conviction Surge in Donations and Popularity is proof positive that God will keep it Backfiring!

AMERICAN PRESIDENTIAL COUP

***READ PAGE 23**

The attempted assassination of President Trump at a political rally in Pennsylvania, **was nothing less than an Obama-Biden Progressive Party attempted coup, to even up the election**. Its goal was to regain a lost Biden Election due to his failings and to counter the new Voter ID Law that prevents illegals from voting. God is in control and the fact is, He never gave it up or lost it! He saved President Trump's life from the bullet that grazed his head, by striking his right ear that confirmed the danger was real. Why and how the sniper was able to openly set up on the roof of a building, makes both of my eyebrows to raise up! I give the Secret Service an "A" once the bullets just missing Trump's head, but a "F" before that. The TV News Media kept making excuses for their lacking, I don't! There is something very wrong with the pre-shooting security operation, basic "101" was not properly performed. National Secret Service from Washington DC is making claim that it was a failure of the 'Local Office', this "may be" determined by the FBI but the Secret Service Director was selected due to pushing by "Jill Biden". We must not forget that the FBI was deeply involved in the assassination of President Kennedy in 1962, and today is still a partner in Obama's Deep State, and with its "Get Trump" personnel.

On his first day in office, Joe Biden started in full earnest to restore the evil Obama Machine back into power with 17 Executive Orders, within a week over 25, and most of his Administration to be led by former Obama Administration officials.

CONTROLLED ELECTION FRAUD

(REPRINT)

Confirmed, the national important Georgia Senate runoff elections during and after early voting had Dominion voting equipment connected to the internet, by internal and external connection. A French company under the ownership-control of the Chinese Military designed the mobile cellular access with *Huawei* assistance and the equipment was used for the 2020 Elections and runoffs. Dominion equipment used during the election and the tabulation was hacked by companies owned and controlled by the Chinese Communist Military. After, a Judge allowed a forensic exam of Antrim, MI voting equipment, Allied Voting Machine Security Operations Group reported, "the Dominion Voting System is *purposefully* designed with intentional errors to create systemic fraud and influence false election results.", after which no other election equipment was allowed to be examined, unless it had been "*sterilized*". Even this was not enough in the national election to overcome Trump's lead, so they stopped counting, for time to bring in some hundred thousand foreign produce mail-in-ballots into the various swing state polling stations. That is why there were more votes, than illegal registered ballot votes, and the law to verify ballot signatures were voided and ignored! In Georgia, this was done by *Republican* government officials that wanted Trump gone and may have something hidden under the carpet. We really do need to look and see! Voting machine security is poor at the best, tampering with election results is real and even more so when it is aided by the equipment manufacturers. Dominion has revealed that, '*all votes are not counted in the U.S. by local election officials and have several internet servers in Germany*', a foreign country that wanted 'Trump Gone', thus looked the other way as US Election tampering was going on. Dominion's false claim it's systems are never connected to the internet is belied by their statement and their own training video's that instructs operator users how to connect and then upload tallies to a central server, also how to use the Ethernet - ports to connect to a network. For Chinese controlled hackers, the equipment manufactures secretly had wireless mobile internet connections. To add, dishonest poll managers and workers were major factors in cutting the throat of America's Democracy. Should God not intervene, America will slide into a national bloody Civil War, that will later give birth to a global death-to-all nuclear and combat war between the Kings of the East and the King of the North, that for now are good friends.

POWER OF TEN

Europe's unification turning it into a formidable superpower confederacy is remarkable, but its history over the past 1500 years should warn us of the coming destructive power it will wield. At present, the European Union is an inefficient, conflicting bureaucracy, but that will soon change as a new strongman comes into power. He will metamorphose into a dominant financial, political and military power with a goal of imperialism and global domination. EU's controlling members will reduce down to ten leaders of regions, that may include more than one country. It will transform itself into a new, resurrected Holy Roman Empire with global financial control. Presently, global financial upheavals is forging and will continue to do so, Europe into a financial superpower. America is on the wane; Germany is ascending into a formation of the Fourth Reich. Where Hitler failed to conquer Europe by using the military, today they are succeeding through trade and finance, as ordered by the NAZI - 1944 PLAN. Modern Germany has improved itself from smoking ruins of WWII to the EU is now a German-dominated, German world power. The world's most powerful and rich bank, the Europe Central Bank headquarters is in Frankfurt, Germany. They are the leadership behind the development of a powerful, nuclear armed European defense force and have become a top world leader in exporting military armament. *Keep your eyes on Karl-Theodor zu Guttenberg and Jerusalem in Israel!*

QUESTION IN NEED OF AN ANSWER

How did Barack Obama gain access to Top Secret documents and more, with the Top FBI leadership knowing he had a long Communist background and membership in the terrorist Weather Underground? In fact, his real parents were Marist Communists activists, and he was raised by them, and the FBI hid this information from the public.

***** President Trump was almost a lone man defending America and our Democracy...**

COMING BACK TO THE SURFACE

(REPRINT)

Biden's Vice President, now a candidate Kamala Harris, murder scandal from her time as a prosecutor in San Francisco, California is breaking into the surface. She had many opportunities to deport Edwin Ramos, an illegal immigrant from El Salvador, he was well known to law enforcement to be an active member of the vicious MS-13 gang. He had been arrested many times for crimes as a member of a street gang, including armed robbery and even assaulting a pregnant woman. Due to the city being a Democrat 'Sanctuary' for illegal immigrants, she refused to prosecute him or report him to federal authorities, even though he was a clear danger to public safety, being also she is an active Obama Progressive Democrat, that has a policy of "don't prosecute but turn them loose". Resulting in an innocent father and his two sons being mistaken by Ramos as members of a rival gang, shot and killed them. A closer look into Harris record as a prosecutor showed she had also refused to prosecute clients of the law firm she was connected to, those that had given significant donations to her campaign, an ex-boyfriend and clients of her husband's law firm. Mainstream news media refuse to report any of her protection cases. **Presently, she could become President, Joe Biden is incapacitated as a candidate!**

LOGGLY FEDERAL DEFENSE COMPUTERS BREACHED

After the Pentagon, under the leadership of former Secretary of Defense Mark Esper provided the German Cyber Command access and full knowledge of our federal Defense Computer System Network, it was hacked. A huge and very serious breach was uncovered, and it had been going on for months. It also involves America's top 500 companies and telecommunication providers, and governmental network with all branches of the government including the State Department, National Security Agency, White House and military with **loss of some highly classified information**. The news media rushed to blame Russia without any credible evidence, thus it could very well have involved China and yes, our good friends Germany. The news media is also **hiding the fact that Dominion Voting Systems had access to the government's network, and Homeland Security can't answer why they do**. It appears to have first occurred at Solar Winds of Austin, Texas that is a provider of remote technology services for almost all federal agencies and to "Dominion Software". Solarwinds software is being used by Dominion, and 300,000 customers around the world, that includes 425 U.S. Fortune 500 companies. The 'owners' of Solar Winds have connections to Hillary Clinton and former Speaker of the House Nancy Pelosi, thus one to Dominion Voting Systems, because of their direct and financial ties to Dominion. This is the reason Dominion election equipment and software was used in the 2020 elections. Gee, any problem with that?

THE TEAM: JOE AND HUNTER BIDEN, OBAMA

The *New York Post* has stepped up to the plate, and providing some honest, real political news. To start, Hunter Biden was paid \$83,000.00 each month, plus his expenses by **Burisma a Ukrainian Gas and Energy Company**, as a new appointed member of their Board of Directors because of his connections. He had no ability to supply Burisma with any assistance, except one, American political influence by his father, Vice President Joe Biden, and in turn that of Barack Obama, President of United States of America. Below are just two Emails of numerous like kind from Vadym Pozhar of Burisma, to Hunter Biden that plainly show the harvesting of that political influence.

"Dear Hunter, thank you for inviting me to D.C. and giving an opportunity to meet your father and spend time together."

"We urgently need your advice on how you could use your influence to convey a message/signal, ect, to stop what we consider to be politically motivated action."

Vice President Joe Biden pressured the government of Ukraine to 'FIRE' Ukrainian Prosecutor General Viktor Shokin, that was investigating Burisma, among other things, and had frozen Burisma bank accounts in Britain as being profits from an ongoing criminal enterprise. V.P. Joe Biden later bragged about getting Shokin fired, by the treat of withholding the much needed \$1 Billion military loan Aid, the very act the Democrat Congress Impeached President Trump as doing, by a strict party line passing with no Republican votes. He said, "I looked them in the eye and said, 'I'm leaving in six hours. If he is not fired by then, you are not getting the money.'" The Obama administration then claimed that this was part of their international effort to clean up corruption in the Ukrainian government, after it had been leaked to the 'then' News Media. It was Obama's provided cover for his Vice President Joe Biden and family, and himself.

VOTEING SYSTEMS AND SOFTWARE FRAUD

Dominion is a company that 'designs' electronic voting system equipment and election software, and Smartmatic is a company that 'manufactures' voting equipment for other companies in foreign countries, both are based outside of the United States in foreign countries. It is not well known, but Smartmatic is a holding company in London, England called SGO Corporation Limited **with very strong ties with Democrat supporting activist Billionaire George Soros**. The U.S. subsidiary is being led by *Barack Obama's former Transportation Security Administration Chief, Peter Neffenger*, he also has been named by **Biden to lead the review team of Homeland Security**. One of the top leaders of Dominion is Eric Coomer, that got his Ph.D. at the most radical left University of California-Berkley. He was involved with its Skinhead movement for years and posted on social media *ANTIFA* manifestos and songs that promoted the **killing of police officers**. Face Book, Twitter and Wikipedia actively purged any and all negative data on Coomer from their data records. They recently disclosed working connections of Dominion staff members with California radical Democrats Nancy Pelosi, former Dianne Feinstein and others. **On the day before 2020 elections, Dominion released a questionable mandatory SOFTWARE UPDATE be installed on their vote counting equipment*important fact**. This very company has been **implicated with fraud in previous elections**. Attorney Sidney Powell, reported on Lou Dobb's television show that she can't wait to reveal all the evidence collected on Dominion. She said that their equipment was used to alter voting and results in Venezuela in 2004 and has staggering evidence and witnesses testimony that proves Dominion helped to rig the 2020 election, and that President Trump won by a irrefutable landslide. **The Progressive Democrats have used their Courts to legally contain and gag her**. These same people that pulled off this vote heist of 2020 are drawn from the same swamp, all are also co-conspirators of the Russian and Ukraine Democrat hoaxes against President Trump. How the Democrats managed to get Dominion, a known Democrat supporting and radical left company the election control in so many states and counties is yet to be investigated, which will happen only if Trump is re-elected with Congressional power.

DR. FAUCI, CLINTON'S \$\$ CONECTION

(REPRINT)

Dr. Anthony Fauci has a solid **Deep State** connection to the Clinton's, using the cover of fighting Aids for the Clinton Foundation, he made numerous private phone calls to Hillary Clinton, prior to making his virus-pandemic announcements, could be considered Treason in molding his statements for political and personal profit reasons. His connection to the Clinton's date back to Uranium One and his provided cover for the Clinton's Foundation to gain hefty donations. During the Uranium One sale preparation days, former President Bill Clinton and his friend billionaire Giustra was assisted by Dr. Fauci's and his Aids cover. Together, they flew halfway around the world to Almaty, Kazakhstan to fight Aids for Dr. Fauci, but, the problem is that *'Kazakhstan didn't have a HIV/Aids problem'*, they did have over \$5 Trillion in natural resources that included uranium, when they did leave Giustra had mining deals in both pockets. Giustra-Clinton had officially teamed together with UrAsia Energy, LTD to acquire the uranium contracts and to make sure Hillary Clinton as then Secretary of State, leaned on Kazakhstan officials by treating to *'withhold all aid, until the mining deals went forward'*. Note; the Democrats regularly used *'Holding Aid' as a weapon such as Joe Biden did in Ukraine*, the Democrat controlled Congress falsely impeached President Trump claiming he was doing it, but the Senate refused to convict him. Now, upon UrAsia Energy being awarded the mining rights by the Nuclear Energy Agency of Kazakhstan, it was suddenly listed as the "World's largest uranium mining producer, Frank Giustra wrote a \$31.3 Million check to the Clinton Foundation. Later, he sold UrAsia Energy to none other than Uranium One, but with a 'Reverse Merger' that allowed him to keep 60% controlling interest. He then made a recurring commitment to donate over \$100 Million of future profits to the Clinton Foundation via his now profit interest in Uranium One. This is a DIRECT profit result to Hillary Clinton for her Secretary of State approval (and Obama's) sale of Uranium One to Putin's Russia's Nuclear Energy Agency Rosatom. ***As a note: Spectra News has done in depth reporting briefs in past issues of the Obama-Clinton-FBI-Department of Justice *'Uranium One'* highly profit deal and the \$500,000 onetime speech payment paid by the Russian bank promoting *Uranium One* to Democrat Bill Clinton. Also, that the Justice Department and *Mueller's* -FBI allowed "paying" Russian criminals of Russia's uranium Rostom inside America, to perform serious criminal acts on American citizens for years, before finally stepping in with minimum punishment of a slap on the wrist, with FBI Director approval.

WHILE WE TRUSTED

Bible prophecies foretell that the world economy will be controlled by powerful economic/military blocs, the King of the North – European Union, with Germany as the leader and Kings of the East – Russia, China, Japan and their allies. They describe with ancient names of Tyre as European Union, Tarshish as Japan and Chittim or Kittim as China-Russia. They go into detail of Rosh as Russia and the Prince of Rosh as Putin during the latter days. America is weakened by our own political leaders from within. Restrictions removed during both the Obama and Biden Administrations from profit selling of our national ability and commerce that made our adversaries' stronger and stronger. Together, these empires have made economic trade alliances referred to in the Bible as '*mart of nations*', that will besiege modern day Israel – United States, Britain, Canada, Australia, New Zealand and Israel. It all began with the loss of Sea Gates and vital Sea Lanes, that will be all too soon closed to our use, as we are battered by foreign competition and with their military might and unfair trade practices, as our own military might has become weaker and weaker. *Spectra News has reported in detail inside past issues, these already created and signed trade agreements and alliances and the destruction by design of our military, by the Biden-Obama administrations.*

FOR A PROFIT \$\$

America's trade war with China led by then President Trump was an effort to regain our manufacturing sector, earned the response of hate from the Biden's, Clinton's and all the corporations that have made and still making enormous profits from America's job loss of over 6.7 million, this includes our real National News Media, and America's ability to manufacture. It created the greatest transfer of national wealth in history and much of our 'special technology' to China during the Obama – Biden Administrations. China has a policy that you must *share* your given technology knowledge, and they become a shared partner, before you are allowed to setup manufacture in China. Many end up with a complete Chinese take over or having control. America is having to rebuild our loss manufacturing skills and plants, with much of this is following plans outlined by the Trump administration. President Trump, is and has lead a revolt against Obama's still in existence *Deep State*, and those that have grown wealthy helping China become a world-class power, by undermining America's industrial strength, selling our national resources, our technology, and the very military defense of America and our citizens. *They want revenge for their monetary loss now and that in the future! They want to stop Trump from doing any more damage to their profit making at America's expense!*

ETHIOPIA

Italy invaded Ethiopia in 1935, but by 1941, the Allied military forces helped to repel the invaders. Ethiopia is the only African country that successfully resisted European colonization. They take great pride in resisting foreign influence.

Bible prophecy indicates that Ethiopia and its neighbors will fall under the control of the 'King of the South', Iran. Due to Iranian – Ethiopian Islamists it had a civil war, because of Iran's drive to control the Red Sea and Mediterranean Sea, thus hinder oil shipping. It was Iran that pushed Yemen into a terrible still ongoing civil war, it pits Saudi Arabia against Iran. For years, Iran has smuggled weapons to Somalia's Islamist al-Shabaab militant groups, and provides training to the rebel militants. Yemen borders both the Red Sea, Arabian Sea and Saudi Arabia, Iran want to control the Bab el Manedeb Strait from Yemen and Somalia, where over 50 oil tankers pass thru every day. On the opposite end of the Red Sea is the Suez Canal and the trade route of the Mediterranean Sea. Over 19,000 oil tanker vessels each carry 1.5 billion barrels of oil through the strait each year. Europe needs the strait to be secure and open for shipping of their needed oil and goods. If closed, it would also disrupt the shortest, most convenient sea trade route that connects Europe with South and East Asia and hinder Saudi Arabia from exporting their nations oil. Iran is fully aware that it's closure would be a dramatic act of *WAR, that it has a religious desire to start. STARTING A WAR, it will do very soon.* Germany, Saudi Arabia and their coalition are ready and waiting. Daniel 11:40-43.

*****Jesus Christ is the Son of God, born within mankind, and will return to save us when no one will expect him... Luke 12:40**

Do all these coast to coast powerful and dangerous storms have a meaning and warning? Yes, they do! God wants our attention!

IRAN'S MILITARY DRONES

We must not forget that Iran is working 24/7 in building thousands of drones using Software copied from one of America's Top Secret military drone, that **under U.S. Air Force control was flown into and landed in Iran during the Obama administration.** [Spectra News reported in early 2018] The Air Force makes claim that it flew from Iraq to Iran and landed **perfectly** "all by itself", there has never been a proper Department of Defense investigation. Why not?

Israel has been sending their aircraft into Syria to destroy the Iranian drone control centers, as they are located. Israel has purchased from the U.S., several WAC airplanes that can control a large number of military drones at the same time.

TELEVISION NETWORKS PROTECT JAPAN

Japanese auto advertisement is too profitable for television networks for them to report Japan kills hundreds of whales, sea turtles and thousands of porpoises, every year. Japanese auto manufactures have threaten to pull their ads, should they report it. Only local television stations can do it with minimum harm to their budget. 'JUST DO IT!'

GERMANY WILL LEAD

It's a hard fact that Germany is the only real power that can address Europe's growing crisis, but it remains in reality leaderless with Chancellor Merkel retired, so the crisis grows. The larger this leadership vacuum gets, the more Germans are demanding that it be filled with someone who can stop the chaos, in the whole of Europe. A new, powerful ruler is about to rise, and he will be named as 'King of the North'. He will NOT rise by an election, but through a public act in response to the will of the people.

NAZI PLAN TO GO UNDERGROUND

The '45 Year Plan' – in August 1944 the top German industrialists gathered for a meeting in Strasbourg, France, where they began planning for the future (D-Day on the French coast occurred on June 6, 1944 and was still in full operation). It now became clear that Germany would lose the war, these industrialists committed themselves to financing the NAZI Party underground. Presiding over the meeting was Dr. Scheid, who held the rank of Schutzstaffel Obergruppenfuhrer, one of the highest commands of the NAZI SS. In attendance were representatives of today's well known elite German conglomerates. The SS commander ordered the evacuation of all industrial material from France to Germany, and to be put into hidden storage and that Germany "must take steps in preparation for a postwar commercial campaign." He also directed that "each industrialist must make contacts and alliances with foreign firms, but must be done individually and without attracting any suspicion. Moreover, the groundwork must be laid on the financial level for borrowing considerable sums of money from foreign countries, and to expand or setup new industrial operation in foreign countries after the war." That the enemy United States was to be the primary source and these firms were told to, "prepare themselves to finance the NAZI Party which would be forced to go underground." The German Armament Ministry ordered, "Existing financial reserves in foreign countries must be placed at the disposal of the NAZI Party so a strong German Empire can be created after the defeat." It was now their plan to conquer Europe not by military force, but by finance. This has been achieved. >>

>The full document was recovered in 1946 and stamped TOP SECRET – EYES ONLY until released and declassified in 1996, Germany was now whole again, because Russia had pulled out and left East Germany. It fully appears that the U.S. had full knowledge of the German “45 Year Plan” plan but it wanted a strong Germany to counter the Russians and used NATO to keep it from building a large military force of their own. This was a perfect fit for the German plan to use finance and not military to obtain control over Europe and let America pay most of the cost of their National Defense.

Major General Reinhard Gehlen commanded the German Wehrmacht's Foreign Armies East military-intelligence unit from 1941 to 1945 (WWII). Gehlen hid his group's best intelligence in watertight containers in the Alps. Later, swapped his treasure of intel to the Americans for freedom for himself and his entire staff. Part of America's postwar effort to oppose Russia, in 1946 the United States paid Gehlen to resurrect his former, very successful, intelligence organization. He staffed it with ex-NAZI's and within ten years it was in full operation and named the unit BND – the official secret service of West Germany.

During this time period, West Germany was not allowed to have its own Army, but we looked the other way as ex-NAZI's built their own, because Russia had a large, powerful Army stationed in East Germany. According to German Intelligence reports published in 2014, it had over 40,000 men with 2,000 officers and was ready to defend West Germany by the end of the 1950's. The intelligence report indicated the secret project was supported by Hans Speidel, whom became the NATO Supreme commander of the Allied Army in Central Europe, and Adolf Heusinger, he went on to become the first Inspector General of the Bundeswehr. Germany's very first chancellor, Konrad Adenauer gave Gehlen the task of keeping tabs on this WEST German underground Army.

Germany had a strong desire to remilitarize Europe since 1950, so Chancellor Adenauer gathered military experts that had previously served as top-ranking officers under Hitler. They made plans for Germany's rearmament and the structure of future German military forces; it was here that a common European Army idea was formed. Instead of conquering countries by military force Germany would integrate them with finance and diplomatically under its own command, as ordered in the '45 Year Plan' of 1944.

After the end of World War II, the United States rebuilt Germany and European cities that looked very much like the photos of Gaza today, with the Marshall Plan. We spent 1940's billions (\$130) of U.S. taxpayer dollars, time and labor. It included the feeding of the starving population, but it should be noted that General D. Eisenhower, Commander of all Allied forces allowed hundreds of thousands captured German soldiers to starve to death. He said, “at that time there just was not enough food available to feed everyone and Europe's people came first”, but in real truth he was afraid of these seasoned and harden German Military men going home. I still remember seeing film clips of U.S. Army soldiers throwing a loaf of bread into a large open, wire fenced pen full of starving German soldiers, to watch them tear each other apart to get it, for their permitted entertainment. The Germans have not forgotten it, either and they want revenge.

GLOMAR EXPLORER

A Russian ballistic missile carrying nuclear submarine (K-129) sank in the Pacific Ocean in the late 1960's in an area off Hawaii in very deep waters, so deep that no country had the ability to retrieve the missiles. Well, that was not true, you see super Billionaire Howard Hughes (my hero) built a very large ship with a secret super-size, extendable hydraulic crane, that had grasping hands. It was inside the ship and extended from underneath through large, submerged doors. He named this ship 'Glomar Explorer' and told everyone it was to mine the ocean floors and explore for oil. In June 1974 he retrieved the sunken Russian sub's missile compartment section, along with the Russian missiles, and the forward torpedo compartment. The Russian sub was able to maintain watertight integrity in most of the compartments. The submarine was at 17,000 feet and weighed 14 million pounds or around 7,000 tons. The CIA passed around a cover story that the submarine broke and fell apart at around 9,000 feet, the Russians bought the lie. After the 'final collapse' of the USSR in 1991 due to a failed coup, then U.S. Defense Secretary Robert Gates released to the Russian government a secret video of the funeral-at-sea of the recovered Soviet submarine sailors, along with artifacts from the sub as proof.

SYRIA’S SECRET UNION WITH GERMANY

At the ending of World War II in 1945, some top-ranking NAZI SS officers fled to Syria for hiding and as payment they assisted Syria in building their Intelligence Services and trained their detention centers techniques that are still in use. By the mid-1950’s most of these SS NAZI’s had fled on to Argentina in South America, except for Alois Brunner the former right hand-man of SS – obersturmbannfuhrer Adolf Eichmann, a major organizer of the Jewish Holocaust that killed over six million Jews. Brunner went under the name of Dr. Georg Fischer and served as a key adviser to Syrian President Hafez Assad as he also instructed Assad’s detention centers on *torture tactics*. He died in 2010, never repented of his crimes to humanity and still expressed loyalty to Adolf Hitler. He had a strong connection to NAZI German Major General Reinhard Gehlen commander of Foreign Armies East military intelligence during WWII, that in 1946 created the West German intelligence unit BND. At that time, Gehlen played an important part in Eichmann and Brunner’s escape! *(It needs to be noted that during this time-Germany was split in half with West under Allied control and East under Russian control.)* Please read in this issue, Brief “NAZI Plan To Go Underground”.

In 1969, Syria officially recognized Russian controlled Democratic Republic (East Germany) which led to assistance of the Syrian Air Force and Army. The East German *STASI*, or the *Secret Police* of the Democratic Republic, officially called the Ministry of State Security trained the Syria’s Secret Service. All of this secret cooperation continued when Germany united East and West in 1990, as the Russian USSR continued to collapse and pulled their military out of East Germany, the Democratic Republic also collapsed. The new united Germany’s cooperation continued in secret, until the outbreak of the Syrian Civil War in 2011 when everything stopped, except for German Aid that totaled some \$19 Billion for the effected people. Germany also accepted hundreds of thousands of Syrian War Displaced immigrants. The Syria-Germany secret cooperation has been renewed and Syria has made Germany (*King of the North*) their number one friend and has joined the German Middle East Coalition against their war partner Iran (*King of the South*). Bible prophecy alleges that Syria will assist Germany to ‘*double cross*’ Israel, after the destruction of Iran. Psalms 83, Daniel 11:40-43.

PLASTIC PLANET

Over 18 billion pounds of plastic ends up in the world’s oceans each year, how much does a plastic shopping bag weight, that gives you just how much is dumped into the oceans and waterways. The plastic needs to be more Biodegradable that really works or made to be recycled. If you should mix the two types, it becomes a ruined mix and can not be recycled to make durable new plastic. The University of Georgia has a special lab working on the solution and have become a successful leader.

“TRUTH WILL KEEP AMERICA FREE” - SPECTRA NEWS SERVICE

AMERICA – GOD’S PROMISED REWARDS AND PUNISHMENT

God made an unbreakable promise and covenant to Abraham of a nation having great wealth and strength, but with a stern warning of punishment if disobedient to his laws (Deuteronomy 33, Leviticus 26), it took thousands of years to fulfill his promise. It was a promise of several parts to be fulfilled over a length of time and effect, with the DNA of Abraham to determine the receivers. As part, God wanted to give Ancient Israel unparalleled wealth and power to become the largest, most powerful empire ever...*if* they would obey him, but they disobeyed and rejected him. God then punished them, and specifically postponed the blessing of Abraham’s descendants for 2,520 years. From the start of that time, God sent no prophets, nor any chance of receiving the greatest blessing of all time. It was around 720 BC, the northern ten tribes of ancient Israel rebelled against God, he had the Assyrian’s (today’s Germany) carry them away as captive slaves and scattered among the Empire, becoming the Ten Lost Tribes. The end of 2,520 years is AD 1800-1803, clearly the direct descendants of Abraham, Jacob’s grandson’s Ephraim and Manasseh, are the DNA source of United States of America and the British Empire (Genesis 48). God had prepared these new Empires to receive his promised blessings of Abraham, first the British Empire then America, both emerged as world powers. In 1800, Britain and Ireland stopped fighting each other and formally united and in 1803, President Thomas Jefferson made the greatest deal of any before or since, the Louisiana Purchase from Napoleon’s France. These are some of the remarkable fulfillments of ancient biblical prophecy during modern times. One a Commonwealth of Nations world power and the other became the wealthiest, and most powerful nation of all times. With incredible strength they possessed nearly three fourth of the wealth, resources of the whole world and in control of all the Sea Gates. This was fulfillment of God’s delayed Abraham’s promise. For the last 200 years, together they have been the dominate force in the world. Today, both are in a tumbling, downward freefall, why? Because they have disobeyed and rejected him, no matter what the highly rejected tell you, it is the reason *why!* The Bible makes that unmistakably clear, God kept his promise, but they have failed to do so in return. The Korean War marks the beginning of the step-by-step punishment, the first of our military failures as ‘The World Power’. Soon, God will totally remove the United States as a World Power in trade and as the most powerful military. God gave a full warning promise of his vengeance should they disobey and turn away from him, read Micah 5:9-15. If one will look at the paintings of Norman Rockwell, they will plainly show how far we have turned away from God in a very short time. We have let too many strangers thru America’s gate that don’t believe in God or have different God’s or deity, this makes it very difficult as a nation to repent and turn back to him. The Progressive Democrat’s led by Barrack Obama want open border gates, to let even more enter. He has through his Surrogate Joe Biden, broken the promise and compact the federal government made to the states when it was first created, a serious constitutional crisis is building. God keeps his promises, be they good or bad. Today, you have a political party with their President and his administration that want to completely remove God from the nation of America. The words “Under God” has more meaning than just being a slogan on Police cars. Way too many don’t think there is a God of the Bible, nor that he is keeping record, and a *promise* with a stern warning. God is a God of second chances, he has begun to give America one in a re-birth, to be led by Donald Trump. It is a chance to turn back to Him and receive the blessing He so wants to give us. If, we again fail Him then it will be Hell on Earth for the nation, America, except for those that remain written in the holy Book of Life. Read Daniel 12:1-4. The bible book of Daniel was written for the Last of Days, the Time of the End of this age, prophecy for these very days. Get and stay written in the Holy Angels kept Book of Life and receive your just forever life and reward, rather than his punishment and a second forever death. *Wages of Sin is DEATH!*

FOUR HORSEMEN

The four Bible Apocalypse Horsemen represent religious deception, war, famine and death-pestilence. Revelation 6, verse 1-8. Measure means the amount of food sufficient to support a man for one day. *Jesus Christ said that mass famines will occur prior to his return. It will spread to every corner of the Earth.* The Bible makes clear that GOD will provide a method of escape for those that turn to him, become and stay members of his family.

ALIEN LIFE

Scientists are reporting that there may be more than 36 intelligent alien civilizations in our Milky Way galaxy. Some may even be advanced enough to communicate with us, and that estimate may actually be conservative. They are using data that it takes around 5 billion years for intelligent life to form on a habitable planet. The Milky Way contains some trillion planets and a number of them are habitable. Our current level of technology makes it nearly impossible to detect life or communicate with any of the possible alien life.

FALSE FRONTAL IMAGE

BLM is not an organization to improve the lives of American Blacks, because the real truth is that queer Communist-Socialist have fully infiltrated the Black Lives Matter organization leadership and **seek to use it destroy this nation and its Democracy form of government**. Lesbian Alicia Garza, a BLM founding leader reports that she was strongly influenced by Assata Shakur, an African American activist of the Black Panther Party and the Black Liberation Army. Shakur is on the FBI Most Wanted List, and has sought asylum in communist Cuba, after killing a New Jersey state trooper. BLM has now openly declared itself to be anti-Democracy, Marxist Communist, unapologetically feminist, womanist queer, wants to defund the police and overthrow the Constitution. Clearly, Black Lives Matter (BLM) is *not* about protecting or enhancing black lives, of which BLM uses as an false front, cover in order to gain donations and power. Its hard goals are to tear down America, advance lesbians to positions of power and install a Socialist-Communist government, as is the leadership of the Democratic National Committee (DNC) and Barack Obama's Progressive Democrats.

ONGOING TREASON

Unprecedented corruption by Democrat governmental officials has and still is undermining our Democracy, and its political structure. This is a report of what has already taken place and their goal being actively pursued today. The recent internal Justice Department-FBI investigation of the FBI's 'original investigation' of Lt. General Michael Flynn, has produced evidence of hard-core acts of **TREASON** and all criminal charges being dropped against Flynn. The Democratic National Committee (DNC) has gone into a protection and blame the victim mode of operation. As a start, pulled from the files is former FBI Agent Peter Strzok's handwritten notes confirmed that Barack Obama as then President personally directed, with the assistance his Vice President Joe Biden, an illegal investigation of information gathering on a political opponent and to eliminate any serious political threats. One of the acts which the Democrat's committed while trying to falsely Impeach President Trump of doing, in part was to hide their own illegal acts and prevent an investigation on themselves, while causing political and legal damage to a sitting President. The Obama/Biden, FBI investigation of General Flynn lead by Special Prosecutor Mueller and the FBI's Headquarters 7th Floor leadership, of candidate and then as President Trump and his National Security Advisor was completely political, also illegal, and fully known to be such. At this time, the Department of Justice and the FBI were tools in the hands of Obama, the DNC and FBI's still connected, Mueller. They used the left-wing news media to report and slant some of the illegally produced information to harm 'American Hero' Lt. General Flynn (3 STARS) and now sitting President Trump. This was an operative tactic to fuel the Barack Obama plot to overthrow the government, and to align it with the interests of countries like terror sponsor IRAN.

STORM A'COMIN

There is a massive powerful storm building and it's not of wind and rain, but of money and debt. The United States is in solid red, thunderous debt; now over \$35 Trillion in federal debt and accumulating more than \$6 Billion (it was \$1.6 Billion) more each and every day, and at least \$7 Trillion more in states and local government debt. Counties and cities shuffle, hide or push ahead their secret debts. The American public appear to have no interest or concern of this growing problem that one day will change their lives *forever*. The American economy is based upon debt, you're given a poor credit rating if you have none, high on debt payments. More and more states, counties and local governments can't or are having great difficulties in meeting their retirement payments, some have cut them 50% or more to keep afloat. Depending on how and who does the calculation, when personal debt is added in the total, American debt is close to \$300 Trillion. One day, the debt storm will intensify and roll in, quickly the skies will darken, the wind will blow, and heavy rain will fall, then a tidal surge of epic strength will wipe the America's economic system off the map.

OUT OF THE BOTTOMLESS PIT

Otto von Habsburg, one of the founders of today's EU said, "The European Community is living largely by the heritage of the Holy Roman Empire, though the great majority of the people who live by it don't know by what heritage they live." Bible prophecy presents the Anti-Christ Empires as a beast with 10 horns with crowns, that represents 10 successive governments and has 7 heads that represents Holy Roman Empires. The first three governments were ruled by barbarians and the last six were ruled by the Holy Roman Empire, each was a flood of bloodshed based upon conquests and false religion conquests. Revelations 17 prophesies of a great military empire, with mighty power rising from being *underground* in the end time and again in combine with a great false church (Catholic), it is the final or 7th Holy Roman Empire (heads). In Revelation 17:8, reports that the beast went underground and will 'ascend out of the bottomless pit', Germany was in total destruction and ashes at the end of WWII. Most of the high-level Nazi's escaped through channels of the Catholic Church to other countries and became entrenched in their industries and government per the '45 YEAR PLAN' orders. Europe will soon get what they want, another fierce leader to be a strongman over all of the combined Europe. It will be a man like Karl-Theodor zu Guttengerg, who already holds the title 'Baron of the Holy Roman Empire'.

AMERICA'S TRADE UNDER ATTACK

Our factories and manufacturing capacity were destroyed by the Democrat-Chinese pandemic, with millions of jobs lost, stores closed down. This attack continues in hidden secrecy, it is increasing to the point that it will bring us to our knees. President Trump slowed it down with 'America First', but the Obama Progressive Democrats-Biden administration and the liberal press bent on hurting Trump, limit's the continued success. The trade war has already changed the world, but few understand why we are fighting, or the result should we lose, and we are losing. The German controlled EU and China have been attacking the United States for years and Biden is making no effort to explain this to the American citizens and has been doing next to nothing in preventing or countering it! Trump is trying, but they have him hog tied with all their illegal court and indictment cases! China's government subsidies its businesses and it is devastating American manufacturing, by offering Chinese good in special priced economic zones, that also have low export tax rates. Favored Chinese and German companies also receive cheap loans, utilities and other manufacturing assistance from their governments. This allows these companies to sell their products for less than foreign competitors. The *Harvard Business Review* said, "Since 2000, the value of Chinese exports has more than quadrupled and the EU's doubled". They know that if it is even slightly complicated, most American's will not bother to understand it, or do something about it.

***** "There are now over 39 million Hispanic eligible voters in America due to the illicit efforts of the Democratic Party, maybe even more – but it may backfire..."**

Some citizens and governments are celebrating because America is losing power, but the whole world is about to learn what kind of nightmare is going to occur, as other violent nations fill the void that America is leaving behind. The world is about to experience a short, shocking period of unimaginable brutality and barbarism. America is giving up on being the 'world's policeman', turning inward and pulling out, leaving the responsibility to the field of rising brutal nations, Russia, China and soon the Holy Roman Empire, that will bring their own special violence. Bible prophecy confirms it, should we fail to turn back to God and his commanded laws.

U.S. IMMIGRANTS

In 2016, at the end of Barack Obama terms of presidency more than 14 percent of the population was foreign born, it was the highest level since the early 1900's, eight years later the increased percentage will blow us away! Their cost of support is more than that of some federal agencies and are bankrupting many cities and states, being forced to do so, which is the goal of Barack Obama. The Biden-Obama administration Open Border policy has made every US state, a border state!

ILLEGALS GOING BACK HOME

The US Supreme Court on 15 June 2024 upheld the Laws established by Congress, that require the deportation of foreign nationals that illegally entered the country. The Biden-Obama administration is well aware of this fact, but their plan is to use them for this election to stay in *forever power*. Their plans are to use the illegals for voting, that includes the ability to prevent any court-legal challenge until after the election, by using quick false *Border Admission processing*. It was a 5 to 4 vote, with the former Democrat Justices being the negative votes. The illegal immigrants that were used to bring the cases to court, were later deported back to their home country, the Immigration Judge and the Board of Immigration Appeal refused to reopen their cases. This ruling could affect well over 200,000 appeal cases still pending.

KEEP THE INFANT COMFORTABLE, THEN KILL IT

America's legislators that support abortion were asked, "If the laws they strongly supported, would permit a baby to be killed when it was beginning to emerge?" They answered, yes! Yet, they believe that ending a person's life was murder, but not that of a newborn baby. It's known as "Late Term Abortion, thus they believe a baby is not yet a human being in the mother's womb or still partially inside of her, or just born can be treated as medical waste. The fact is, well over a million American babies are killed in their mother's womb every year, by their own mothers using an abortion pill or using an abortion clinic and even in hospitals at the moment of their birth. It's not that far from the days of Satan's controlled Roman Empire, when the unwanted, living newborn was left on a trash pile to die of exposure or be eaten by wild animals. God see's the mother and those performing "get rid of it" abortion as todays, Wild Animals! God, through His Holy Bible, lets us have the knowledge that he created mankind in a plan to re-create himself. Being born is the first step of that recreation, and being Holy Baptized with its required acceptance and fulfillment is the second step.

...The American public knows that Obama's Progressive Democrats is responsible for the creation of the Covid virus in a Chinese lab and then its spreading with poor contrived, governmental response. While some refuse to admit the acknowledgement of it, knowing it would cause a political revolution.

UN ANTI-ISRAEL BIAS

The United Nations has never prevented or ended a war, no not one! Today, the Israel-Hamas war especially demonstrates its failures to bring peace and in fact is using covert actions to undermine Israel, while promoting Hamas. These actions include but not limited to providing money to Hamas and rulings that are strongly anti-Israel, also even using UN personnel to assist Hamas on the ground in Gaza. It has not condemned Hamas for their savage June 7th attack on civilians that included the beheading of live babies, and the unwarranted taking of civilian hostages to be used as human shields and bargaining chips. The UN has failed to mention any barbaric Hamas acts but jumps to loudly condemn Israel that later are proved to be Hamas lies, then never issues a retraction so that the lies remain as the truth. Hamas is a recognized terrorist organization, but the Biden-Obama administration restarted the heavy funding that Trump cancelled because of the UN departmental funding of Hamas. The Biden funding continues, while fully knowing in advance that it goes directly to Hamas, as a false Aid program using the cover as funding a UN civilian Aid program. The UN is in violation of its own Article 51 UN Charter for not protecting Israel, when it's a Charter Member and the "State of Palestine" is not, nor even a recognized sovereign state by 55 countries. Hamas in Gaza is a rogue terrorist government, completely separate from the accepted Palestine West Bank government. The UN opened 183 schools in Gaza, that UN paid personnel used to teach the children why and how to kill Jews and be young suicide bombers.

VOYAGER 1&2 ARE GIFTS FROM GOD

Both Voyager's were launched in 1977, with a mission to investigate our Solar System planet and their moons, being built to last five years in space, they are close to 50 years of operation powered by a nuclear fueled battery. It is their photos, the only real photos of our Solar planets that the world uses. Respectively, they are over now 15 and 12 **billion miles** away in interstellar space, the only Earth built spacecraft to enter interstellar space. Voyager 1 went silent for over six months, but now is sending back self-status information without any scientific data. From this, engineers have determined that an IC chip on the Communication electronic circuit board is the problem, also the nuclear battery is starting to lose power. They are a proud example of being American built, with American know how! They have survived extreme cold with galactic comic rays and space particles caused by cosmos events and the explosion of stars. Voyager 2 is sending back valuable data on Space Radiation needed for future Space Travel, and perhaps they will continue on their space flights for billions of years, even after their nuclear batteries runs out of fuel. Several men and women have built their lives around having direct association with these Voyager Spacecrafts and when their nuclear fuel does run out, a flood of tears will fall. **Alert- Voyager One has been repaired and transmitting scientific data again, at 15 billion miles away!** GOD BLESS THE USA...

PROLONGED HOT WEATHER

The Northern Hemisphere has been besieged with abnormal high heat waves and prolonged drought over the spring and into summer, and it is only going to get worse. A high number of wildfires broke out, some as far north as the Arctic Circle. Scientists have concluded that the narrowing temperature difference between the equator and the Arctic Circle is preventing planetary winds from building up energy to push the high and low systems around. Thus, they stall over a region and cause floods, and high heat waves.

VOTING ID BATTLE AND ENFORCEMENT

In June 2024, both the US Supreme Court and Georgia state courts upheld the GOP stand on voting requirements to reduce voter fraud. It is a law in an attempt to prevent illegal immigrants from voting and that is what the Democrats are pushing to allow. The state of Georgia as in many other states offers to provide any and all legal voters, a free state voters photo ID if do not have access to other photo ID's.

WARNING

God declared that if the modern day nations of Israel failed Him, then He would , “...I will take away the hedge there of (national protection of borders) and it shall be burned up; and break down the walls there of, and it shall be trampled down...” Isaiah 5:5. With strangers flooding in, “....strangers are devouring them in your presence, it is desolate, as overthrown with strangers.” Isaiah 1:7. This is the intent and goal of the Biden-Obama administration. Obama wants a 2nd American Civil War still, as was the goal of the terrorist organization Weathermen, with whom he was not only an active member but also a strong fund raiser. *Please read Brief ‘Underground’ in issue 3rd Quarter 2024, page 17.*

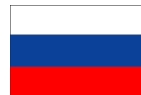

Any hostile nation that uses it military and naval forces to control access to Panama Canal, Caribbean, Florida Straits and the Gulf of Mexico could and would cripple the U.S. economy, by restricting our oceanic trade shipping. (This loss of protection all falls back to Barack Obama’s cancelling of the long-standing Monroe Doctrine, that kept foreign nation out of our Southern Hemisphere and prevented them from becoming any hostile threat. This cancelling was done on the Down Low and part of his plan to destroy America, as we now know it to be. He has a deep desire to start an American Civil War to result in our Democracy becoming a Marist Communist nation, like South Africa is today. During his presidency, he met with President Mandela of South Africa often, seeking knowledge on how to turn America into a Marist Communist government, as Mandela had done. Being both of his parents were Marist Communist activists and had raised him, he grew up with this desire, as was Vice President Harris also raised by communist activist’s parents, the reason Obama choose her.)

LOSING IT

(reprint)

Again, due to Satanic Barack Obama’s purposely lifting the long-standing protection of our Southern Hemisphere by the Monroe Doctrine, that kept all foreign powers away and out, is now allowing America to come under Trade and Military threat. Due to ‘Daddy Bush’, China already has full control over our most important Seagate, the Panama Canal, along with the takeover of our military bases and then have installed new, powerful Missiles and Aircraft. Putin’s Russia, has reaffirmed with heavy military equipment and ‘advisors’ their support of Communist-Socialist governments of Cuba, Nicaragua and Venezuela. He is threatening to deploy permanent military garrison troops to them, and making direct threats to Venezuela’s border country, Columbia. Putin has already sold them heavy, extended military equipment at ‘Bargain Basement’ prices, along with required supplies, that go beyond Defense needs. Hostile Communist forces can easily ‘Seal Up’ both Straits of Florida, Yucatan Channel, and the Gulf of Mexico. Russia now has firm footing in South America, the Caribbean Sea and Central America, their actions could do more than cripple our economy, it would prevent our access to oceanic shipping. *Bible prophecy in Isaiah 23, speaks about such in the ‘End Times’ and Isaiah 27, of a brief alliance of Europe, China, Russia and Japan using their ancient names. In the book of Deuteronomy provides greater details about the besiegement of America with their control over vital Seagate’s, along with opening of “our protective borders” by the various Obama administrations.*

CARIBBEAN HOSTS RUSSIA

(REPRINT – 1ST QTR 2020)

In late June 2019, a fleet of four Russian warships sailed through the Caribbean Sea and docked in Havana, Cuba as a show of force activity near the United States. The fleet was led by Russia’s most modern advanced warship, the Admiral Gorshkov and had passed through the Panama Canal before docking in Cuba. Being just 90 miles from Florida, if it fired its nuclear armed Brahmos missile, it would strike the U.S. mainland in just six seconds. In 1962, Russia and the United States came very close to a war over Russia having nuclear warhead missiles in Cuba, which they removed, but now after former President Obama ended America’s Monroe Doctrine, all nations are taken full advantage. The road to a major conflict or war has been paved, one of the nations will push and go too far.

TRUTH IN THE LIGHT – KEEPS US FREE AND STRONG

GOD'S POLITICAL CHANGE

The abnormal political leaderships and the vacuums they've created in America and in Germany, have constructed ideal conditions for the Ten Strongmen European leaders to rise, along with the final Holy Roman Empire. They will give their loyal support and power to the Beast (Holy Roman Empire Leader). Revelation 17:12-13. In America, the chance to elect a leader of turning, back to God. Due to Europe's siding with Middle East Moslem nations, plus Russia's aggressions and America's Open Border Policies that produced high immigration, along with its expanding debt, have caused both sides of the Atlantic to be seeking new leadership. Thus, God has setup one side to be in Europe and the other in America, and both to have different styled leadership and different goal. **Take notice and remember, Barack Obama told Stephen Colbert on TV in 2020, "If I could make an arrangement where I had a stand in, a frontman (Biden) or a woman (Harris), and they had an earpiece in and I was just in my basement, in my sweats looking through the stuff, and I could deliver the lines (Susan Rice) but somebody else was doing all the talking and ceremony, I would be fine with that...)"** God is bringing that political condition to its ending, as he promised, with at the same time the rise of the Holy Roman Empire, during the End of Days of this Age. It's ending would be from Him and No Other, you will Know it was only from Him! **Was it Biden's National TV stumble and mental condition exposure and His saving the life of President Trump? The response will tell us!**

SATAN'S PRINCE FROM THE EAST

As is prophesied In Ezekiel 38 being written for the Days of the End of this age, Russia's power and that of Putin will keep increasing until they become the leading powers of Asia. Both Japan and India will ally fully with the Prince of the East Putin, in fact Shri Modi the Prime Minister of India is in Russia as I write, forging those very ally agreements.

AGE OF STRONGMEN

Only 30% of Americans born in the 1980's or after, believe it is essential to live in a country with a Democracy government. Some 80% say that a military takeover or that of a 'strongman' would be good if the government was failing to do its job, and only 32% think Constitutional Civil Rights is absolutely needed. One in six are fine with a military coup here in America. It is lack of a good solid historical past education, the key reason so many would tolerate a military coup or the removal of all checks and of balances in the U.S. government. Many view that Socialism is a good alternative to Constitution, which is the base of our Democratic government, is not worth the paper it is written on and needs to be replaced or completely re-written.

CHAOS OF BEDLAM

Obama's lifelong goal is to destabilize, as he destroys the United States of America. **To undermine President Trump is much more important, than to continue subversive supporting a weaking Joe Biden.** This goal has been burning inside of him since childhood and then as an active member of the terrorist Weathermen, as they tried to create the starting of an American Civil War with bombings. After this Presidential Election, you can expect violent civil unrest, created by his concealed collection of far-left radicals, as he takes more stronger drastic measures. His political and military followers will do his bidding in the promotion of post-election chaos infused with violence, to weaken the institutions of government. Barack Obama really needs to be neutralized before the election, by being put into isolation, so he can't communicate with his violent radicals. It's called 'Head Removal'! Obama has ordered Joe Biden to prevent any preparations for Election Violence or its afterwards response to it! Joe Biden does not want to give up being a candidate, because he is sure that their efforts to again steal this election will be successful, the real number of Trump votes would not stand. Obama with his Progressive Democrats have control of the Democratic National Committee, the FBI and even the CIA and some portions of the military, this has some close markings of a political takeover coup. We must have a plan of response should it be needed, along with the real ability to respond to it. This danger is real and not made up, just look what occurred before the 2020 election and the most successful response was a "strong response".

GOD IS PULLING TRUTH INTO THE LIGHT – TO KEEP US FREE

THIS REPUBLIC

“ KNOW THIS PROPHECY ”

Everywhere America is in decline, around the globe and at home with Biden's banana republic, but it all can and will be turned around by a new regeneration of the United States of America. To be done with the helping hand of God with new political leadership. The regeneration is directly from God, which is a second chance to turn back to being a nation of "In God We Trust". We will close our borders, stop the flow of drugs and the cartels power over our young citizens, also expel the massive number of illegal aliens draining our nation's treasury and strength. Most importantly, restore our Military Might to protect us from Satan's influenced enemy nations. It's all prophesied in God's Holy Bible, that also contains warning, after warning that if we fail to restore America as a nation of God, He in turn will make our lives a living Hell. Then, afterwards a total capture by Germany (Assyria), as was done to ancient Israel. God, directly through his son warns don't fall victim to the *great false church (Jezebel, woman and followers) and stay true to his church and commandments in Revelations 2:20-29*. As promised, God will protect his true family from it all, but not the "lukewarm". You must become written in God's Angel kept 'Book of Life' with your assigned mark and then you must stay written, to be judged from your record in it, for your assigned status level assignment in Jesus Christ's World Government. Otherwise, you will be later wakening from your death sleep and be cast into painful damnation, without judgement, then a second forever death.

FEARLESS

The hidden fact is, China has and still is shipping weapons, body armor and ammunition to Russia for their use in Ukraine. Because, Biden is weak with too much "Biden Family" investments into the Chinese Industrial Complex. Along with Chinese 'Direct Cash' payments to the go between Hallie Biden, China knows full well that Biden will do nothing, except pretend to be. China is part of Bible prophecy labeled 'Kings of the East'.

DISASTROUS

During the Biden Afghanistan surrender while running out the back door, a soon-to-be wounded Marine was ordered not to shoot at the bomber just before the Kabul airport suicide bomb blast, that killed 183, including 17 American service personnel with hundreds more fleeing Afghans wounded. He was seriously wounded, that included the loss of his left arm. Solid warnings of an imminent bombing had been sounded, but orders from Washington were that of, "Take No Action, Ignore Them".

CREATING DEMOCRAT VOTERS

Progressive Democrats in Congress are trying to adjust Illegal Immigration Laws, so they can receive a Green Card, that will allow them to apply for citizenship and remain in America legally. Their goal of 'Right To Vote' could soon be obtained. This legalization of illegal immigrants is actively being pushed by Biden's Homeland Security Secretary Alejandro Mayorka's, whose sworn duty is to prevent their illegal entry into America. Other active supporters are Vice President Harris, News Media and the entire Biden-Obama administration, in an effort for the Democrats to stay in power, forever.

TOXIC CHEMICAL SPILL

The Ohio train derailment that created the second worst toxic chemical spill in American history, was completely and deliberately ignored by Biden's Transportation Secretary Pete Buttigieg. It was on direct orders from Biden, because it was in solid Trump country. A local resident said, "First off, fish are dying and our animals, and the Biden administration tells us that it's safe to move back in, politics are in play here!" This is an environmental disaster of the highest level and the federal government is nowhere to be found. Reported Fox News. In fact, it took 17 days before the EPA to even show up, only after President Trump visited the site, then the Biden administration flooded it with the EPA.

THRONE OF DAVID

(REPRINT- 3RD QTR 2023)

God's covenants promise to King David was that his throne would be *'established forever'*, meaning that his lineage would never cease to exist. Jesus Christ is part of King David's blood line through his father Joseph acceptance with direct King David bloodline and God being his real father. Upon the return of God's Son, Jesus Christ he will sit (occupy) the Throne of David in Jerusalem and rule the entire world, forever, being born as a descendant of King David's bloodline. Being through Solomon, via his mother, through Nathan being one of David's sons and also thru his Earthly father. The Throne of David was established in England by Edward I in 1296, before that through Scotland's lineage of kings and before that back to mists of time thru the Kings of Ireland. All of these Kings or Queens were crowned while sitting above a stone, called Stone of Destiny or Stone of Scone and as Jacob's pillar stone that gave their reign as being God ordained. It did rest under the Holy Wooden Coronation Chair at Westminster Abbey in London. But King Charles may not be crowned while sitting above it, God has moved it back to Scotland. Charles has gone to great length to declare that he will not "protect the faith", but instead will have a reign of faith diversity. God issued many warning of letting strangers inside to pollute and alter the original religion and be infected with various Satan invented religions. That is what has happened, Britain is no longer a Christian Nation, where they have become a minority. Because Britain no longer honor God's *Covenant of promise* made to Abraham and later confirmed to his grandson Jacob, whom God later renamed as Israel. God has removed His Blessing of Support but will always honor His covenant promise to King David and his dynasty will always prevail in some form, to be sat on by the returned Jesus Christ.

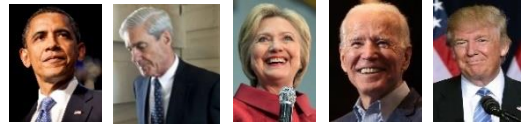

ORCHESTRATED ASSAULT

It is the forced intent of the Biden-Obama Administration to increase the already rising, overwhelming illegal alien population in the United States and assist to spread them across the entire 50 states by in secret, using the American military and commercial contracts. Bama-Joe's Democrats don't want to send any back across the border, but fully assist them to stay with assistance, services and goods, to become Democrat voters for this election and in the future. So, they can win elections to stay in power and become even stronger. They are encouraging them to enter America illegally and in mass numbers, without any proper vetting. That's why, the Border Patrol has encountered millions of illegal immigrants, along with terrorists attempting to enter the country since Bama-Joe took control of the Oval Office. It has recently been uncovered that he has been using the U.S. Air Force and with buses, also civilian aircraft to spread them around America, to become Democrat voters. The Joint Chief Chairman General Milley refused to assist President Trump to secure the Southern Border, that continues today', saying, "It's not our job!", but is fully willing to assist the Biden-Obama Administration to secretly assist in spreading illegal immigrants across America. Their master plan is to get the illegals the vote, before or by the 2024 main elections, by voiding any and all voter ID Laws that would require them to provide proof as being a voting citizen, but also like in the past local Democrat controlled governments, and the military to falsely manufactured required documentation and ID's, for governmental assistance and voting, are actively continuing to doing such, as needed to circumvent the just passed new ID law. The first thing is giving them food stamps, health and dental, money, assisted housing, and to some new autos and trucks, not being made available to America citizens, it's buying their vote, thus to keep the benefits. It is to have a one-political-party America, the Barack Obama's Progressive Democratic Party, to transform it into a Socialist-Communist State. Even, in New Zealand they plainly see it as being Barack Obama created, as they officially stated, *"This is an orchestrated, Communist assault on America, to destroy America's borders, to create confusion in America, to overwhelm the system politically."*

DEPENDING ON BLACK AMERICAN GOVERNMENT STAFFERS

America's Democracy future is depending on the various local government Voter Register's offices, in doing their sworn duty and register to vote only American citizens and not any of the millions of illegal immigrants, that the Democrats are depending on to win elections in this 2024 race. Some will not, it's how many that's in question! Even Democrat New York City is demanding that they do, because New York is going bankrupt having to fund the care of illegals. The Biden-Obama administration has made it so the Police can't question or ask for proof of citizenship of stopped obvious illegals.

CRISIS IN AMERICA CONTINUES

When Donald Trump was a presidential candidate in 2016, the Democrat left targeted and continuously attacked him, using the FBI and Barack Obama's Deep State federal agencies as their weapons. It has not stopped, having become even more serious and more in the open, because they don't fear any accountability. Their continued treasonous plot to politically destroy the truthful re-elected president of the United States, has now advanced to make them criminal in an effort to prevent him "again" from being a re-elected president. The FBI continues to spy on the Democrats political opponents and to cover up their prior illegal actions, while in operational support of the Biden-Obama radical-leftist administration. All while, the FBI and the Biden-Obama regime continue to collude with the left bias News Media and Big Tech. To begin, we must return to the 2016 Presidential Election and the Democrats candidate Hillary Clinton. Former President Bill Clinton and his then Secretary of State in the Obama administration wife Hillary, created the Clinton Foundation in which Putin's Russia funneled hundreds of millions into it. Why? Putin's Russia was trying to purchase some 20% of America's uranium reserve and it would take Hillary Clinton's approval. Hillary Clinton then spread some of this Russian money within the FBI's leadership, of which future Special Counsel Robert Mueller was its Director. During her 2016 presidential campaign she became fearful that the Russian bribes would become known, so she accused Donald Trump of having Russian connections to throw off any possible investigation, of which the FBI would never take. Then Hillary Clinton, the Democratic National Committee with the assistance of the FBI hired Daniel Steele to write a false, fake dossier to support their lie. The FBI 'repeatedly' used the known false dossier to acquire Search-Spy Warrants against Donald Trump, his campaign, family and all supporters-allies. Then their main weapon suddenly became the freshly FBI retired Director Robert Mueller, being appointed Special Counsel-Prosecutor, to investigate the Hillary Clinton hoax of Trump-Russian interference in the 2016 Presidential Election. The News Media created the illusion that Mueller was looking for the truth, but in reality, it was to prevent it from being known. Of course, he avoided any investigation of Hillary Clinton, Russian money, the FBI or Barack Obama, it became solely an investigation of freshly elected President Donald Trump. As was the plan, formed inside the Obama White House in the last weeks of the Obama administration, to continue to destroy Trump as a sitting President, that is without question, Treason. This Democrat and former FBI Director as the Special Counsel did not investigate their illegal actions, his assignment was to "Get Trump" with a prolonged, News Media anti-Trump sponsored investigation, that was to end with the planned Impeachment of near-future President Donald Trump, but it failed during the Senate trial. Today, it has been Elections as well. This is while, they planned and prepared to do the same in this important 2024 Presidential Election, with false court actions one after the other and have with their control certain courts to destroy our Rule of Law Democracy.

ANOTHER RISING SUN

During World War II, the Japanese forced over 60,000 British, Australian, Dutch, American and Indian Prisoners of War, to build the Siam-Burma railway thru Burma and Thailand, nick named the 'Death Railway'. A straight line was drawn on a map, and it was to be built no matter what, through 250 miles of vast, thick, raw jungle and ragged lands. By the end, some 74,000 forced laborers died during its building from starvation food allotments, beatings, torture, disease and no medical care. There is a 'five-star' entertainment movie named, *"Bridge Over the River Kwai, 1957"*, that does a good job to dispose the event, but is mild if compared to the actual horrors endured. Like forcing emaciated POW's to hold a large rock over their heads, and if dropped, was then bayoneted through the chest with a long rifle bayonet. Reason of watering down, the public could not tolerate the truth and then pay to view it. Britain and America's governments in the near future are going to be replaced by Empire Rulers that will be like wild, raging beasts. The Bible has named it *"Time of the Gentiles"*, or as the Great Tribulation. Matthew 24:21-22, Ezekiel 5:12 and Deuteronomy 28:52-57. The German Holy Roman Empire will attack America and all nations of modern-day Israel, while having control over ancient Israel. Ezekiel 24, Amos 6:3-11, nuclear weapons will be used, May God Help Us, but he will not and I weep for the innocent children. We have dishonored our Father which is in heaven and broke the agreement, but being a God of second chances, He is giving us one, to turn back to Him and he will forgive us.

BIDEN-HARRIS REGIME HAS TURNED THE US INTO AN IMMIGRATION CAMP

The Obama controlled Democratic National Committee are making 'under the table' legal efforts, to gain control of Biden's election War Chest funds, to be used on last minute projected new and improved candidates.

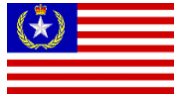

AMERICA'S NEXT CIVIL WAR

The possibility of another Civil War in America is being widely discussed and some two-thirds of citizens think we are close to one, now. The White House and the Senate is under the control of the Democratic Party, while the House of Representatives is controlled by the Republican Party. Over the last four years, Obama's Progressive Democrats have done everything they can to make President Trump's life a struggle, bitter and without problem solving success. They used their underhanded, false presentations to make him appear inapt, and without any merit. They want Joe Biden a Obama Progressive Democrat to be elected as the next President, at any cost to America. What is going to be the end result of their extreme bad behavior and misdealing? Bible prophecy gives a sobering answer, *"It is leading to a time in the near future of strife, mass unrest and lawlessness, that will be 10,000 times worse than anything our nation has experienced before"*. A hidden evil Satanic power with the force, speed and power of a level 6 tornado is destroying this God built great nation, and God is allowing it to happen, for now. To teach the rebellious, turned away from Him citizens a lesson, the hard way. Satan is going to increase poor economic conditions, this is going to create violate mob riots on a massive scale, across the entire nation. People's angry rage of hate is going to stir them to kill, each other and anyone in a position of authority. Bible prophecy reveals that over 100 million will die of riots and warfare during America's economic siege from Germany, China, Russia and even Japan. Radical-left Domestic Terrorists and their allies are going to keep things stirred up with hate and race divisional lies. Jesus Christ has warned, *"Every kingdom divided against itself is brought to desolation; and every city or house divided against itself shall not stand"*. Matthew 12:25, Read Matt. 24:21-24 America has allowed too many strangers to enter the nation, illegal immigrants will continue to drain our strength and National Treasury, until they are removed America will continue to decay. God is giving us a chance, take it.

IT IS WHAT IT IS!

Foreign owned Staple Street Capitol, owned controlling interest/stocks in Dominion Voting Systems, the election equipment used in the 2020 election and one month before the national 2020 U.S. Elections receives \$400 Million from USB Securities. USB is a Swiss registered investment bank in most part owned and controlled by the communist Chinese government (CCP). It has recently been disclosed that Dominion's equipment used was built with Chinese hardware, internal software, and electronic components from the screens down to the circuit board chips. All in cooperation with the Chinese mobile cell phone manufacturer Huawei Technologies and their cell phone technology, which means they did not have to rely upon an external internet modem connection. *The equipment was not manufactured in Denver, CO as was claimed by Dominion, but in foreign countries with the assistance of the Chinese Communist Government.*

SYSTEMATICALLY WEAKENED

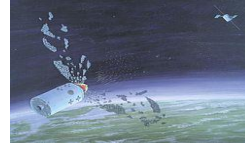

America, once the most powerful military and protector in the world, is now being systematically dismantled into a weak and disloyal constitutional force. Joe Biden's Executive Orders are purging it of strong, smart, able leaders and warriors that are Constitution pro-Democracy thinking and the forced teaching of the communist-anti-Democracy, "Critical Race Theory" propaganda. It is an active effort to remake America's armed forces into the image of the Progressive Democratic Party, Biden has picked up where Obama had left off. Barack Obama while he was President for eight years sacked over 200 Generals that didn't fall within his guidelines, Lt. General Flynn was one of them. Russia's Stalin did the same to his armed forces and when Germany attacked them in WWII, Germany captured half of Russia in a few months. It was the United States that saved Russia with over whelming supply of armament and food. He had to restore his Army back with the leadership and members he had dismissed, to save Russia that became the mighty Red Army.

GOD WILL PROTECT HIS FAMILY

In the Bible, God promises to protect his “devoted” church (family), from the Tribulation and the Nuclear War, so that they may not suffer, by taking them to a place of protection (wilderness). Revelation 3:10, 12:14, Mathew 24:21-22, but not all of His church shall receive Tribulation protection, Revelation 12:17, for they are not devoted. At the Tribulation, the German led 7th and final Holy Roman Empire shall come into prediction, as is described in Revelation 13: 1-10. The second beast of Revelation 13:11-18 is the Great False Prophet and the beast with 10 horns is the Roman Catholic Church centered in Rome, Italy. Having good knowledge of Nuclear warheaded ICBM’s, it’s hard for me to think how God can protect his family consisting of multitude of people, from the effects of a massive amount of exploded nuclear bombs, for the sky itself will darken from debris and fallout, with little to none, Sunlight, as was the main cause the dinosaurs died being the result of a massive asteroid striking earth. Therefore, I’m thinking toward an Earth like planet for 3 ½ years with Jesus Christ using the last year to defeat the Holy Roman Empire and Kings of the East coalition, then return his family back to Earth! The word “Wilderness” has a meaning similar to the escape from bondage in Egypt, as a “Place of Safety”. Take notice of the following as you read Revelation 6:4, Great Sword is a nuclear bomb or warhead and in Revelation 6:8, beasts of the earth refer to gentile nations, or those that don’t have a Jewish connection as the nations of Modern Day Israel do, also in Revelation 6-13, the stars of heaven fell to earth, refers to warheads from ICBM’s.

CHINA’S NUCLEAR EMF SATELLITES

China and Russia are installing in space, satellites with nuclear warheads that produce powerful ‘electro-magnetic force’ waves (EMF). Russia first developed these special warheads in the 1970’s, the waves burn up all electronic circuits, and at present there is no defense. Satellites that these waves pass over will become totally useless, no telephone, TV, GPS or special communications, all will become dead and useless. That is why the U.S. Air Force has moved their military satellites into deep space orbit, but China is working on and has developed deep space satellite killer missiles. Some will carry the EMF Nuclear warheads and others with special laser weapons. China will most likely destroy their own satellites, that is why they have a number of missiles with replacement satellites, ready for launch 24 hours, 7 days a week, at secret locations. The new U.S. Space Command created by President Trump, is hard at work to come up with a solution to this Chinese-Russian threat. Space is the “today’s” battlefield, crucial space and cyber capabilities will be attacked, most of our modern weapons of defense and offense depend upon their special satellites and are very military vulnerable as America’s Achilles Heel. *This is a most serious game of chess being played, it is not the time to have some Obama surrogate Progressive Democrat, that’s a Communist and mental failing leading our nation!*

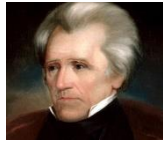

CEILING FAN DIRECTION

The direction that a ceiling fan turns can help make you warmer in the winter and cooler in the summer, and worth the expense of having it turned on. Almost all have a slide switch up on the base, one position for Clock Wise(CW) [same direction as a clock] and the other for Counter Clock Wise(CCW) [opposite direction of a clock]. What is the direction it should be turning is easy to remember by this trick, Cold Weather is CW, and Counter Cold Weather is CCW. Best to see what direction it’s turning, is to get under the fan and look up!

EARTH ROCKS FROM MARS

A very large space debris smashed into Mars some 180 million years ago, with such force it gouged a 21-mile oblique crater. Images from the Viking Orbiter 1 of early 1990’s, show it is located on the northern flank of a volcano named Ceraunius Tholus, north of the Martian equator. The impact blasted rocks off the Martian surface and sending them skipping through space, nine are known to have smashed into earth. They range in size from baseball to bowling balls, their chemical fingerprints confirm they are not from the moon or some asteroid. These Martian rocks have been found in Indiana, Antarctic, Brazil, France, Nigeria and Egypt, the Egyptian meteorite struck and killed a dog in 1911.

TIME TO STAND UP

(Reprint from 4th Quarter 2018-upgraded)

It has now been over 59 years that America has been providing *extra special*/consideration, programs, money and social services to Black Americans, it is now time to cut the apron strings and let all stand as equal American citizens. Our hat is off to those that used the opportunity to better themselves and a loud raspberry to those that has used it to cause and are still creating havoc to America. Some are thankful and ready to move on and forward, while other are demanding more and more, or else! I say, "Sit with deserved honor in front of the bus or get off and not be allowed back on!". All of America, must confront the threats if we are to survive as a whole nation! While it's being said that nobody is above the laws, it's also true that no citizen has rights above another, everyone is equal in the laws, the Constitution's base is equality and not compulsion by threat. It is now time for everyone to move on, to higher ground or be washed under by God's renewal of His, America. Separate is not equal, it is less! To help the understanding of this, we can look at the Presidency of Andrew Jackson, the one that has his picture on the \$20 dollar bill. This so-called President created the Cherokee Indian's Trail of Tears, that ended in Texas and Oklahoma, because he and his allies wanted their land, the Great Smokey Mountains that was bountiful in gold, timber and natural resources. So, he issued an Executive Order that forced their removal, that became known as the Trail of Tears. The Cherokee won an US Supreme Court 'Stay of Execution' Order, President Andrew Jackson's replied with, **"Where are they going to get the Army to enforce it?"**. He looked to the force of an Army and not of the force of a President's 'respect', of the US Supreme Court and that of the Constitution. Without respect of our Constitutional Laws and the Courts, there is no America, it is a nation of Might makes it Right. We just came through that in the Biden-Obama administration, and it was God that protected this nation He built from both anti-Democracy presidents. Now, let me tell you of just one more reason Andrew Jackson needs to be removed from the American \$20 dollar bill. During his drive to kill off all of the Southern Indians, the Creeks because of their efforts to escape from him, became also known as Seminoles in Florida. To give his deadly effort another cover, he called it a war, the Seminole War. Self Defense, from genocide in the swamps of Florida is not war. Andrew Jackson gave Osceola, the Chief of the Seminoles his solemn Word of Honor, that if he and his top lieutenants would meet with him, unarmed on the Monroe Trail in the Everglades, they would enter into a Peace Treaty. Osceola came as he promised and unarmed, so Andrew Jackson captured him and then shot and killed all of his lieutenants. Jackson's Army took him to Fort Moultrie on the coast of Sullivan's Island, a satellite fort to Fort Sumter in Charleston Bay in South Carolina. (First shots fired in the Civil War). He was killed there, and his head was cut off, placed on a stake at low tide and was gone on the next low tide. His headless body was buried in a grave at the entrance to the Fort with a large headstone. I can personally confirm that, before it and the grave was removed to some unknown place. There are many different lies being used to cover up the real truth. Chief Osceola was born as Billy Powers in northern Florida, to a Creek mother and an Englishman named William Powers in 1804. My favorite river growing up in Florida was also that of Osceola, in Citrus County. Every Christmas two week school vacation period that I could, would be spent in the Great Cypress Swamp Indian Reservation in South Florida. Being winter it was low water with more dry land, other than just hammocks (dry land islands). I always entered off the Tamiami Highway at the Monroe Trail entrance. A drunk Yankee with a loaded gun was the most dangerous thing in the swamp. The Seminoles would black paint with large letters the word COW, on both sides of their cattle. Seminoles had no power, to keep the Whiteman off their land or recover the damages they did or even the killing of Seminoles, because the Federal Agents always reported it as a "hunting accident". Even to these very days, Indians are considered to be "open game". Both my mother and father were one quarter Creek Indian, from their mothers' side. My brothers showed their creek DNA, while I had blood red hair until 8, when it slowly began turning brown, as did many in my bloodline. My son Travis was blond haired and looked like movie star Tab Hunter (he was killed in Feb. 2023) and my son Nathan is still a red haired man, both with a highly intelligent German blooded mother but an evil New Yorker ex-wife, as was my Mother-In-Law. I sweat blood, every time I think of them. Truthfully, I see them both weeping a flood of real tears, as God deals with them, I pity them with, "See ya, would not want to be ya!" Pray for me, for that is a sin, even thou they deeply damaged me and both of my sons, with their lies and fabrications! God forbids you taking his laws into your own hands, you are to keep turning your cheek and that is a very hard thing to do! Jesus Christ did it, to save us with sin forgiveness, then and for now! I deeply hope that God will again hear us and Bless the USA, again!

GOD WILL NOT FORGIVE LACK OF KNOWLEDGE AND UNDERSTANDING... HOSEA 4:6

ALARM

tick, tick, tock
no alarm bell ringing
we wait to be taken
death comes in a flash
blown about as we melt
past our childhood of happiness
flying by we look to see
tick, tick, tock
alarm bell is broken

WHAT TO DO

there is talk anew of Black Cat Man Do
up fenced walls some say he flew
purr-fit trance he fathered a few
that is not new without a clue
I want to know if he is you or is there two
Black Cat Man Do

HOME AGAIN

I depart from the sea
rush me like a March wind
coat me with wetness
like an early morning fog
replenish my dry aged body
spring storm is forming
come to me softly
with sounds of fiery ice
sandy seashore rushing waves
earth bound no more
in arms of heaven joy

THE CHINA THREAT GROWS

China's "in your face", is expanding their Spying abilities from the island of Cuba with more advanced electronic intelligence eavesdropping capabilities, that includes spy ships and submarines. They are also expanding the joint Russia-China-Cuba Spying and training base on Cuba's northern coast. You can directly thank Obama's cancelling of the Monroe Doctrine, for all of these growing threats to our nation's security. In God we Trust but have none in the Barack Obama Regimes! China along with Russia, are strengthen their Alliances with the Socialist governments of Venezuela and Nicaragua, while using their sea and airports. These anti-America, radical nations are preparing for war with the United States of America, while Russia has supplied them with the weapons to do so. Joe Biden has done nothing to interfere with those plans, except being more, than less supportive and buying Venezuelan and not American oil.

JUDGEMENT

ONLY those that are given a mark/name and it is written in the Book of Life (and stay written) will be judged according to what is recorded. If you are not written in the Book of Life then you are not judged, but immediately cast into the Lake of Fire after being tormented day and night, then a second forever 2nd death' (*Revelation 20*). To be given a name and be written in the Book of Life can *only* be done through the door of Jesus Christ, you must confess he is the son of God and be submerged baptized in the name of the father, son and holy ghost, as Jesus Christ himself did. As you break the water surface all of your past sins are washed away, being now clean the Holy Ghost will enter your body, and your heavenly guides and counselors will sing to you praise and glory. Then an Angel will give you a mark/name and write it in the Book of Life. Good deeds alone will not do it, there are 101 verses in the Bible that make that very clear. Remember, should you allow your body and mind to become contaminated, then the Holy Spirit will flee from your body because it can not dwell in an unclean place. All will be recorded, but your mark and record can be removed from the Book of Life to make you damned, and not judged for a ranking, that's based upon your devotion (obeying) and service to God. God's first earthly mankind was killed off with a flood, due to their out-of-control sin and He started new with the family of Noah. He will weed them out to save and protect his devote family, then allow Satan to kill the rest with riots, famine, wars and a nuclear war. The unjustified will suffer greatly as they endure the Great Tribulation, but his true church of devoted family will not, being taken to a place of safety. Revelation 3:10-20, also understand Revelation 11 being 'bottomless pit is from underground and stated day is a year', while a month is a month.

NUCLEAR WAR

I was an ICBM Missile Technician aboard a US Navy submarine, and each missile carried three multi-targeted nuclear warheads as was the SALT Agreement, but Russia cheated and had up to ten warheads per missile. The general public has no idea how powerful and devastating they will be, should there be a nuclear war. The sun will be blocked out from the debris, as that was the result of an asteroid striking earth to finally kill off the dinosaurs. God has promised to save his families 'devoted' members and not "Luke warmers", by taking them into the wilderness (place of safety).

ASSASSIN'S FBI CONNECTION AND MORE

The Heritage Foundation Oversight Project has revealed that attempted President Trump's assassin shooter Thomas Crooks, in 2023 lived and worked within close yardage of an FBI Washington DC agent Field Office and 9 different devices were linked to his home and work. The Foundation is willing to cooperate and share their investigation information with other legitimate investigators but not with the new congressional Task Force, due to its connections with Barack Obama's Progressive Democratic Party, also some of its members having close connections with the FBI, DOJ, Secret Service and other entities. It is reported, that one of the cell phone devices flew to Plymouth, Massachusetts and had a pattern of visits to Butler, Pennsylvania. Where at an outdoor Trump rally two persons were shot and killed (a supporter and the shooter), three were wounded including President Trump, on July 13, 2024. This device traveled from Washington DC on the 4th and 8th of July to Butler, then all its activity stopped on July 12th, the day before the attempted assassination. It is firmly believed that the device did not belong to Crooks, and there was a connection between the FBI Agent Field Office and Crooks Washington DC workplace and home, being they were in close yardage to each other. When the device went to Butler on July 8th it stopped at a Home Depot, the very same one that Crooks went to on the 13th of July and purchased a ladder so he could climb on the roof of the building, he used as his shooter platform. The Secret Service reported that Crooks was spotted with a rangefinder and noted as a "special suspicious person of interest", at least 80 minutes prior to the shooting and then 18 minutes later was seen on the roof of the building 150 yards from where President Trump was set to address the crowd, then later confirmed he had a rifle but they took no action or response to it, before the attempted assassination. Now claiming, no agent was ordered on the roof because it had a dangerous slope on it. The high heat was starting to affect Trump's security, but the snipers were notified. It should be noted that the Secret Service didn't attend any pre-rally security meetings and had no plans to have "placed snipers", until local Police SWAT teams demanded it! Nor were there an exchange of radio units, no direct communication between Secret Service and local Police. His bullet was dead-on, but Trump moved his head, that caused the bullet to miss by 1/4th of an inch, striking the top of his right ear. *In a telephone call to President Trump after the failed attempted assassination, Joe Biden said, "You're lucky that you moved and turned your head to the right!",* President Trump head was creased by one of the many fired bullets as it stuck the top of his right ear as it grazed his head. *In a statement made in private, to donors just days before the Trump rally Biden said, "It's time to put Trump in the Bulls Eye."* *The order was given!* Made as his election campaign had started to come apart and Trump's was gaining strength and volume. Now, due to steady increasing demands from Democrats that he steps down and terminate his campaign, he did! Mainly because he had lost control over the investigation of the assassination attempt, and he could use his mental failing as protective cover. This was after it became clear that his chance of winning an honest election had become highly questionable, another but harder steal would have to take place. While the "steal" would again be covered up by Obama's Deep State and the News Media, it was not a sure thing, it was best to let someone else take the chance, as Obama was making that point clear. Besides, he could take his failure revenge during the remainder of his presidency, as Harris was being pushed forward being she was already his surrogate. In assistance, the Jill Biden's pushed Director of Secret Service Kimberly Cheatle has resigned, because she knows too much and under extreme investigation pressure. She quickly resigned after Impeachment charges were filed in Congress and had bi-partisan support, but none of the long standing "Get Trump" FBI agents and leaders have. As more facts seep to the surface, it's not adding up beyond a **Government Assassination Conspiracy!** Today, is less than two weeks after the shooting and more detailed information is being uncovered, along with in secret harassment, for those that attempt to inform the public of it! **READ PAGE 26**

SNAKES IN THE GRASS

The Biden-Obama regimes sanctions on Iran are so weak, that most of the sensitive components in the Iranian drones used to attack Israel, were American made. The roughly \$100 Billion they have allowed to flow to Iran, suggests a lack of will or anti-America purpose or both. There has been one sham investigation after the other! *Senator (TX) Ted Cruz*

EMPOWERING THE ENEMY

(Rewrite from 1st Quarter 2018)

Even ‘before his election’ in November 2008, Barack Obama used secretive back channels to assure IRAN’s Supreme leader that *HE* would be a good friend to the Islamic Republic. On June 4th, 2009 after winning his election, in his landmark speech in Cairo, Egypt, he told IRAN – the number one sponsor of terrorism, “as far as he was concerned, the killing and maiming IRAN had supported since 1979, was in the past, that he was not about to be trapped in the past. *Nothing* would prevent him from extending America’s friendship.” When IRAN’s *Green Movement* rose up for freedom, just a few days later after his speech, President Obama turned a blind eye to those brave enough to seek freedom from radical religious oppression. He actually took *aggressive* steps to prevent the popular Iranian uprising from being successful and toppling IRAN’s regime. From that point forward, thru a series of Foreign Policy decisions, Obama helped strength and embolden the Iranian Regime and their proxies. This push to empower IRAN was culminated by the extreme amount of \$ Cash \$ of 1.7 billion for a Iranian one sided nuclear deal, while hiding the details and cash amount from Congress and the American people. The nuclear deal, labeled ‘Joint Comprehensive Plan of Action’ went into effect on 16 January 2016, and on that very same day, President Obama signed a Executive Order lifting all sanctions on IRAN, releasing all of its held valuable assets, handing over all jailed terrorist, tens of billions of dollars, and clearing the path for IRAN to actually build a nuclear bomb with assistance of Russia and North Korea. Obama effectively crowned IRAN the “King of The South”, as forecasted in the Holy Bible. *Daniels 11:40-43*.

GOOD GIRL – ROVER

NASA’s Opportunity rover was designed to last only 90 days on Mars, but she lasted 15 years under extreme harsh conditions. Opportunity is the longest serving robot ever sent to another planet. She gave fantastic close-up views and scientific data of the Red Planet. Opportunity failed to respond to several months of command calls, after a long dust storm. In June 2019, Rover failed to respond to NASA’s final call and there where many tear filled eyes as Billie Holiday’s “I’ll Be Seeing You” was played and sent to her.

AIR POLLUTION

Ground level ozone is the main component of smog (not fog), which forms from pollutants of smoke stacks and auto tailpipes reaction to sunlight. Research has shown that long term exposure to high levels of air pollution will cause the same damage to lungs, as a heavy smoking habit. The increase of just 3 parts per billion of ground level ozone outside your home is equivalent to smoking a pack of cigarettes a day, for 29 years. Smog spikes on hot days, so many are being exposed to average annual concentrations of 10 to 25 parts per billion. It has and is causing an increase in emphysema, shortness of breath and other lung diseases.

A GOOD FIGHT

North Korea would put up a strong, effective attack and defense should a war breakout with the U.S. and South Korea military forces. The real threat is NOT their arsenal of missiles, but their one million plus size army. Heavy artillery, Special Forces operations and the large numbers of ground force soldiers would wreak havoc on U.S. and South Korean military.

RADIATION LEAKING

A nuclear powered Russian submarine that sank in the Norwegian Sea in 1989, is still emitting radiation. The sub ‘Komsomolets’ is on the bottom at about 5,577 feet. Remote controlled vehicles show levels of radioactivity to be up to 800,000 times higher than normal.

ACTIVE - ALERT WARNING

OBAMA'S PROGRESSIVE DEMOCRATS PLAN TO RESPOND WITH VIOLENCE, IF THEY LOSE THE ELECTION AND BLAME TRUMP SUPPORTERS! Active propaganda is underway, News Media are falsely accusing Trump and his Republican supporters of preparing to attack should they lose, Harris-Biden is using their government control to prevent any advance response preparations. **This is the standard action from the Progressive Democrats playbook, "Blame the opponent first, of what you are doing!"**

FROM 'BOTTOMLESS PIT'

Germany's largest manufacturer Rheinmetall that was the military arms producer for both of Germany's World Wars and gave power to Adolf Hitler's dominance of the 6th Holy Roman Empire. In 1944, the NAZI Party ordered the German Industrial Complex to go underground (Bottomless Pit) and use the enemy United States of America to rebuild, while gaining strength and power as they take control over Europe financially, then rise again as a military power at a future time. That time is today, it is rising from underground as the 7th and final Holy Roman Empire and Rheinmetall has been preparing for this for decades. The United States military has been using them as a major arms supplier for years, because of their high quality, and Germany has gained control over many of America's most important businesses. At the end of WWII the US learned of the NAZI 1944 PLAN, but ignored it and buried it under High Classification, because West Germany was needed to counter Russia and their controlled East Germany. NATO was formed to give Germany and Europe combined military power but not to a single nation, this combined military power will be the base for the now rising German led European Holy Roman Empire, that's again united with the Roman Catholic Church. In 1996, it was declassified but nobody paid any attention to it being Germany was such a good friend and ally, Satan had put a sheep's cover over it. In these very days, the 7th Holy Roman Empire is waiting for a final push to combine with their 10 Strongman EU leaders and their Satanic Adolf Hitler like leader, it will be most likely from a World-Wide banking collapse and that of the US Dollar. **REVELATION 17, (CATHOLIC CHURCH, Rome and Holy Roman Empires with the 7th being the final one)**

GERMANY'S NAZISM GROWS

In June 2024's elections, the **Alternative fur Deutschland (ATF)** party power grew by receiving the second highest number of votes, even after staff members of the AfD were caught spying for China and taking bribes from Russia. The AfD is considered so extreme and pro-NAZI other fringe political parties refuse to associate with it, but despite the controversy the AfD won record support. That's because the masses want the NAZI Party to return to power, with a new "Supreme Leader", to resolve the immigration and other problems as he leads them back to being a powerful World Roman Empire' as described in Revelation 13, 17 also Daniel 7.

BIDEN'S BORDER CZAR

In 2021, Joe Biden announced his V.P. Harris was the 'In Charge Czar' of the Southern Border, to lead the White House effort to tackle the immigration challenge at the Southern Border, she would work with Central American nations to address root causes of the problem. It was all a dangerous deceitful B.S. lie, she did nothing nor even visited the border, because she wanted the flood of illegal immigrants to continue, as did the Biden-Obama regime. They knew full well that terrorist, criminal, Drug Cartels and the mentally ill from all over the world were slipping in through their Open Border but took no action to stop the flood, instead pushed it open even wider, with Harris's treasonous approval.

COMING SOON

You may think illegal immigrants are a problem today, just wait and see what happens when the money, jobs and the Social Services giveaways end! Then Obama's Progressive Democrats will begin supplying them with guns and military explosives. This is the very end to the long-time goal of Barack Obama, since childhood!

*****FOREIGN LINKS FOUND ON TRUMP'S SHOOTER THOMAS COOKS CELL PHONE, MAY HAVE BEEN FBI-SECRET SERVICE PLANTS TO FUTHER MAKE HIM INTO A PATSY-LONE SHOOTER, AS WAS THE ORGINAL PLAN...**

ASSASSINATION COVER-UP

READ PAGE 23

10 AUGUST 24, Secret Service (USSS) acting director Ronald Rowe said he is ashamed of their failure to protect President Trump, but are doing everything they can to stonewall Congress, to insure the American people never finds out the real truth. This is while the Secret Service and FBI is lying about all of it, including about shooter Thomas Cooks and his motivation. The fact is the local Police was pushing the Secret Service, for better security from before and during the Trump rally and that included having security cover the very building the shooter used but were ignored! It was the local Police trying to get onto the roof and the shooter and was almost on him when finally, the Secret Service sniper put him down, but not until after he got nine shots off as local Police were within a few feet of him. It could very well be that the Secret Service didn't want him taken alive, being the original plan. In truth the local Police were doing their security assignments well and beyond and that included reporting events to their command, who relayed the messages to the Secret Service, because the USSS failed to provide any direct communication ability as was the plan for them to do. This also included a message that shooter Cooks represented a potential security threat with a range finder, at least 90 minutes before Trump went on stage, then just 18 minutes before walking on stage that he may 'have a gun'. **USSS didn't find it necessary to notify Trumps team, because they wanted him to go on that stage.**

A close examination of the facts suggests the sinister motive that someone "inside" wanted trump dead, like, **"It's time to put Trump in the Bulls Eye!"** and still does. The Secret Service is trying to make shooter Cooks, that's a Joe Biden supporter, pro-lockdown, pro-immigration into a racist and such a conservative he felt that Trump was extremely insufficient. Began claiming Cooks was "weird"! Now, where have we heard that before? Repeatedly by the Progressive Democrat Harris campaign, against Vance! Remember, Joe Biden had a direct contact channel with the then USSS Director Kimberly Clark, through his wife Jill Biden's pushing to make her the Director. Joe Biden lost his most important control over the investigation when Kimberly Clark resigned from Congressional Investigation pressures, he has become more of a recluse. There is a plan to use his mental decline as a legal defense, should ever the need occur.

It is undeniable, that the present American government has evolved away from the Constitutional Republic we once were and has become more radical left that Barack Obama has been pushing for it to become. The Progressive Democrats Party leadership, with devoted followers is trying to kill off God's end-time, modern day Israel political savior. 2 KINGS 14:26-28.

RISE OF TRUMP - FALL OF OBAMA

U.S. Supreme Court ruled that a president has legal immunity for official acts. That ruling fulfills Bible prophecy, being Donald Trump is an End of Time King Jeroboam II of biblical Israel as in Amos 7. To better understand, the stated King's Court represents today's U.S. Supreme Court, and this court will play an important role in bring Donald Trump and Democracy back to power. That is one of the reasons, Obama's Progressive Democrats are over active in trying to dilute the power of this Supreme Court. The 2020 Election was stolen from Donald Trump and much of the radical left's criminal acts remain to be 'officially' exposed. The Supreme Court ruled in late June that the Biden's Department of Justice misused a Federal Law, in order to harshly prosecute some 300 January 6TH protesters. In another important ruling, this Supreme Court nullified a 1984 ruling that is labeled the "Chevron Deference Doctrine", that allowed Executive Branch agencies "technocratic experts" to make, judge and execute laws. This was without any authority granted by the Constitution, **the ruling was a death blow to the to the unlawful "fourth branch" of our Democracy government, that was used by Obama's Deep State.** God will continue to decrease Obama's power, as the power of Europe's 7th Holy Roman Empire increases. Barack Obama always accuses others of doing exactly what he is guilty of, as does his Progressive Democrats Party. He is falsely claiming that Trump and his supporters are planning vicious attacks if they lose the election, that means he is planning to do it!

VANISHING JOBS

The now Harris-Biden administration continues to alter and lie about the economy on all released reports, recently they had to remove 818,000 claimed new jobs that never existed. Unemployment is rising and will continue, unless we repent.

HARRIS COMMUNIST ECONOMY PLAN

Kamala Harris is a Marxist Communist, and her proposed Economy Plan is the same that was promoted by her well known to be Marxist Communist father, that was from Jamacia and a professor at Stanford University. It is a plan that requires the **Federal Government to take complete control over every segment of the economy and that includes private businesses**. Both of her parents were Marxist Communist activists and not Social Workers as is being publicized by the DNC, she attended their meetings since being in a stroller, she has been Brainwashed into being a Communist which her political record proves beyond any question. That fact is the very reason Barack Obama choose her to be the Vice President candidate in 2019, along with the fact he was also raised by Communist, his mother and Marshall Davis having Communist Party card #47544.

The Biden-Harris-Obama regime has depleted our Strategic Oil supply, then are buying oil from anti-America nations and not our own oil producers, because they have an ongoing effort to destroy our energy production, then rebuild it under their Communist control after our collapse. President Trump's plan is to strength our energy production, especially Oil and Gas, this will lower all prices and bring inflation down using proven cause and effect results! Kamala Harris wants to have Communist governmental control set prices of goods and not Democracy's supply and demand.

Government Reports are being fudged like new jobs and inflation, average prices have not gone up the reported 21%, they have left off a zero being more like 210% on everything and had to remove some 818,000 claimed false new jobs.

The nation's News Media is underhandedly promoting Progressive Democrats ticket of Harris-Watz and their "going to do" great things, but completely ignore the fact that they have failed to solve any of the "ongoing problem" plaguing our nation under the present Biden-Harris-Obama administration. They have purposely created by design, dire future problems with their Open Borders illegal immigrants from 109 nations, drug Cartels with drugs and world terrorist!

EEE MOSQUITOES VIRUS

It's a bad thing that will not go away and getting worse each year with more infections and deaths. Too many times, it leaves the victim with brain damage after being cured, rather, being *medically controlled*. EEE stands for *Eastern Equine Encephalitis*; it now has been detected in at least 18 towns across five northeastern states. It belongs in a category of viruses know as arboviruses spread by the bite from certain kinds of infected mosquitoes. It develops into a serious neuroinvasive disease, that involves inflammation and swelling of the brain, about 30% die from infection. Survivors of the disease have mild to severe brain damage, but all have a medical after-effect. In the U.S., it is mainly but not limited to the Black Tailed – *Culiseta melanura* mosquitoes found from Maine to Florida, on the eastern coast. The Nile Virus is still with us in some 40 states, and the number of cases growing from only a few three years ago!

HARRIS GIVEN QUESTIONS IN ADVANCE

It is without any doubt that radical left ABC news, **gave Kamala Harris her debate questions to be asked in advance, so she could prepare answers to them, also was given long extended time on every question, while being strict on Trump**. This is blatant assistance to Harris, because they very much fear "accountability" should Donald Trump win the presidential election. This 2024 election boils down to be one between Communism and America's Democracy, with the Harris campaign stealing the Republicans theme of freedom, fight-fight-fight and American Democracy, as cover for their proven communist policies. The Harris campaign tries to appear lighthearted and carefree while looking to the future, it is an effort to hide her ongoing failures, especially as the *"Don't Prosecute-Turn Them Lose"*, which resulted in many tragic events. You can try to hide the fact that Harris is a Communist and like Obama has been one since childhood, with the nations News Media trying to distort it, but her long-term failures make it an impossible task. Even their broadcasts on Donald Trump end up being 70% pro-Harris advertisements, the most honest appear to be *The National Desk (TND)* and FOX News a close second, with ABC and Scripp News the least. God is making the Bible's "End of Days" prophecy better understood and commands all to acquire its *Knowledge and Understanding*! Many are doing Satan's bidding and trying to prevent it with distortion and lies!

DON'T POLUTE-UNDERSTAND BEFORE YOU VOTE!

PRE-EMPTIVE STRIKE

On Sunday morning, the 26th of August, before Hezbollah could launch a planned revenge attack for Israel's killing of Fouad Shukur, a top leader living inside of Iran, Israel struck Hezbollah with some 100 warplanes in Lebanon. Israel destroyed missiles and their launch equipment across Lebanon. Hezbollah still managed to strike back with hundreds of missiles and drones that targeted Israeli military targets and not any civilians as they usually did, Israel reported the attack had little effect. Hezbollah quickly reported that it was not going to do a follow up attack! Bible prophecy repeatedly reported by Spectra News that Lebanon will not ally with Iran, but instead with Europe, most likely with Germany's Holy Roman Empire, because it will destroy Hezbollah. It needs to be noted, Germany has warned Iran not to use Hezbollah to attack Jerusalem or they would attack Hezbollah in turn. Iran for years has been planning and preparing to attack Israel, especially Jerusalem with their proxy terrorist groups, and will not give up their plan. Germany wants to control Jerusalem for themselves, but Israel has made themselves believe Germany is a close friend and will do so in their protection. Saudi Arabia is a German ally and a member of their Middle East Coalition, recently gave the Lebanon military \$3 Billion to purchase military hardware and weapon systems from Europe's EU and not the United States. The Lebanon military is distinctively apart from Hezbollah and often at odds with it. In these very days Bible prophecy is being fulfilled! ***WATCH JERUSALM, IT IS GOING TO BE ATTACKED AND HALF OF THE CITY WILL BE LOST WITH ITS CITIZENS. AGAIN, WOMEN RAPED AND BABIES ALONG WITH PARENTS VICIOUSLY MURDERED AND OTHERS TAKEN PRISONER! THIS WILL BE THE START OF THE 'TRIBULATION' AND SOON THE RETURN OF JESUS CHRIST, TO REPLACE THE KINGDOMS OF THIS WORLD WITH THE FOREVER KINGDOM OF GOD! GOD WANTS ALL OF US TO REPENT, ALL OF US TO BECOME CITIZENS OF HIS GOVERNMENT AND BE GIVEN CONTROL OVER THE ENTIRE UNIVERSE. IT IS GOING TO BE A MOST EXCITING FOREVER TIME, BE PART OF IT AND REPENT TO BE WRITTEN IN THE 'BOOK OF LIFE' AND NOT THAT OF PUNISHMENT, FOLLOWED BY A SECOND FOREVER DEATH.*** [Protection – Revelation 3] [Fall of Jerusalem- Zechariah 14:1-3] [Ranking- Revelation 20]

WARRING PRESIDENT DONALD TRUMP

When Trump regains the power of being President it will not be as liar Kamala Harris is claiming but will stop and amend the ungodly destruction being caused by her administration. Which includes cleaning up the registered voters lists, where many share the same address in their registering state. Lawsuits alleging voter fraud were almost all thrown out by the courts, not on their merits but on generated technicalities. The ungodly radical left is working together to prevent President Trump's return to presidential power, but God is giving the citizens of America the ability to make the Progressive Democrats united effort a failure. Understand this, God used President Trump's first term to *temporarily save America from the Radical Left, if America responds to His warning, then Trump WILL permanently remove them!* In 2 Kings 14:28, it gives us some insight on how God see what happens between his two terms as President. Trump must war or fight after the 2020 election steal, in fact each and every step to win the second election and regain his presidency, but America's citizens will be behind him because he does fight. The fact is, God has given Donald Trump a commission to again become President and save America from Obama's ungodly radical left and Trump does not want to be like Jonah and spend 3 days and night inside a big fish's belly, because he also ran from God's commission. To his credit, after the fish spit Jonah back up on dry land, Jonah is the only one to date that has successfully turned a brutal, vicious, ungodly nation back to God. To Donald Trump's credit God is using his strength as fighter, as one of the reasons for being awarded with his commission and another is his 'Big Business Experience'. I'm sure he has personally repented and is a valued 'Second Chance' Christian, for which we all must admire! As Jesus Christ said, "Let the one of you that has not sinned, throw the first stone!", are we not all multiple chance Christians, being washed in the blood of Jesus Christ for forgiveness! This is personal between Donald Trump and God, but I can see a marked difference in the way he carries himself after the Assassination Attempt, a real Wake Up Call! ***Change is coming to America, no longer led by criminals!***

POLITICAL BRIBE – The Harris-Obama-Biden administration's Border Czar is giving \$300 Million to her California's Obama's Progressive Democrats government, so they can give \$150,000.00 to each illegal immigrant for a house down payment. This is while no deserving American citizen qualifies for this tax money giveaway, only if you're in America illegally!

BIDEN'S CRIMINAL ENTERPRISE

A congressional report stated Joe Biden *conclusively committed* "Impeachable Offenses" while in office, that includes financial enriching family members, himself and business associates. Fellow Progressive Democrats can no longer create enough cover for the Biden Crime family's crimes, political corruption and actions, such as the Open Borders policy farce. He is and was obediently assisted during his entire term by his Vice President Kamala Harris. Top Democrats (Obama) threaten to remove him from office unless he immediately resigns, he did so and we don't know if it was going to be by 'force', against a sitting President! Due to the attempted assassination of President Trump, it could very well cost billions of dollars from foreign interests, because they were led to believe in paying it would provide them access and influence with Joe Biden, himself. The entire Biden family and fellow Democrats went to great lengths to conceal their criminal conspiracy and Joe Biden's direct involvements. They laundered funds through complicated financial transactions and numerous bank accounts, using intermediate entities and broke up large bribe transactions, into laundered smaller ones. The now, Kamala Harris Department of Justice has instructed key witnesses to not answer questions and to disregard any Congressional Subpoenas, for they will not prosecute like they did and put in prison several Trump supporting Republicans.

EL SALVADOR'S MIRACLE-AMERICA'S DEBACLE

El Salvador was the murder capitol of the world with at least 18 per day, because of corrupt politicians and extreme gang violence from vicious MS 13 and Barrio gangs. Pretty little girls were being abducted, sexually abused and then murdered, as now being committed in America. Nothing was being done about it, because the real government was the gangs. Then Nayib Bukele was elected President and in his first week in office announced a multi-phase plan to eradicate the gangs, that was very similar to President Trump's plan for America. The first phase was to go after the long standing corrupt politicians and gang financiers. The second phase was to build up the police being de-funded and military security National Guard forces and their leadership with law abiding citizens. He then asked the citizens to elect honest congressmen to support his efforts. The people not only gave him the needed Congressional majority, but an unprecedented "supermajority". In March of 2022, President Bukele put the nation in a "state of emergency" and has been extended every month since as the citizens enjoy peace, with everyday problems. The courts put over 90,000 gang members in new prisons and they tried several times to make a 'come back' but failed. Many of their leaders took advantage of Border Czar Harris's open borders and migrated to America, where Joe Biden's government handouts paid them to setup shop again. The fact is as an example, that over 70% of New York's criminal courts cases, are Illegal Immigrant involvement. They have overwhelmed the courts and their funding and that of Social Services! With fewer and fewer gang members and their crimes, President Bukele created new and expanded programs to combat poverty, unemployment along with more education and athletic opportunities for the younger people, but he also continuously 'prayed' that God would use the Holy Spirit to keep him on the right path. He often said, "There is a spiritual war and a physical war, we won the spiritual war very fast and it reflected on the physical war!" The murder rate is down some 98% and now is the safest nation in the western hemisphere and tourism is rising. Migration is still a factor, because of the giveaway promises of the Biden-Harris administration and is bleeding El Salvador of its own needed ethical citizens.

THE family of American hero John McCain has turned their backs to America just as he did, in becoming sinister against fellow Republicans for political gain and was called out for it, therefore I turn my back to them as they seek unjustified revenge. The McCain family continued connection to Liz Cheney and her father's support of destructive Progressive Democrats and then McCain family support of their anti-Republican actions, will be the ending of their domination of the Arizona Republican Party, loyalty has a deserved ending. We must Fight-Fight-Fight for our freedom and against the treasonous traitors among us, no matter who they are! God bless the USA and he will if we as a nation turn back to him!

BESIEGEMENT OF AMERICA

Bible prophecy's "House of Israel" refers not to just Middle East Israel but to all of 'modern day Israel' nations as well, being they were founded with the DNA of Biblical Israel's "Lost Ten Tribes", thus descendants of Abraham thru his children. The Trade Siege that will come before them because of their failure in continuing to honor their father, that created them. The siege will result in economic ruin, then develop into race wars, fights over food, survival and the horrors of the Great Tribulation. The city of Jerusalem and the House of Israel have become hard hearted and will not listen to God and his warnings, but a last, final chance will be given to repent and return to God, and they will be his people and He their God, if they do so. This is all laid out in the End of Time book of Ezekiel, but some parts need a scholar's full understanding in order to decipher. Ezekiel 4:1-4, 22:4, 8(IE-Sun. not Sat.), 25:4,7, 30:11,12(Germany & attack of Iran, China & illegals). Germany – Iran War, Daniel 11:40-43 (King of North Germany, South Iran).

HARRIS DOES NOT QUALIFY - CAN'T BE PRESIDENT

What is her disqualifier Is you must be a "natural born citizen", which is a citizen born in the U.S. to parent that are both Citizens at the time of birth. Constitutional qualifications of Presidential eligibility, which states, *"No person except a natural born Citizen, shall be eligible, or a Citizen of the United States at the time of adoption of the Constitution, (Often misunderstood, this means at the very time the constitution was adopted.) shall be eligible to the office of President.* The fact is Kamala Harris was not born to parents that were U.S. citizens at the time of her birth! Thus, does not qualify to be President of the United States as a "natural born citizen". Some try to argue that the 13th and 14th amendments override this requirement! They do not! These amendments address the rights of former slaves, and with the 14th amendment it addresses the right of former slaves to be treated as Citizens and that no state can amend those rights. They in no way address, amend or interfere with the stated eligibility to be President of the United States. This is a without any doubt a gift from God, to make sure Communists don't take absolute control of His America!

U.S. VICE AND PRESIDENT BY COMMUNIST CHINA

It is now an open secret that some American Democrats present that they strongly admire China's form of government, Marxist Communism. I will mention only these four, Sen. Elizabeth Warren, Sen. Bernie Sanders, Vice President Kamala Harris and Minnesota Governor Tim Walz. He is also the Progressive Democrats Vice President candidate, teamed with Presidential candidate Kamala Harris, that was in documented since birth with the merits of Marxist Communism. I found out recently, that **Tim Walz was in 1989 hired to be a high school teacher in Guangdong, China, noting that Communist China is very protective of their students in documentation, especially from a westerner and must have had the highest trust to be offered such a job, and his accepting it.** This means he most likely had a close relationship with Communist China, while being an Officer in the National Guard. It would be interesting to find out if he held any Security Clearances, which all require an FBI investigation and their approval, and if the National Guard noted his Communist China ties! In 1991, he openly told Minnesota High School students that Communist China's form of government is better than America's Democracy! The fact is, America is under attack from within, at present for our highest political leadership! Recently, more than 200 former Bush, McCain and Romney staffers, knowingly endorsed communist Kamala Harris for President, as revenge for their bosses being called out for anti-Democracy deeds! Again, knowingly that she is a Marxist that has totalitarian ideology that eliminates the middle-class, abolishes private property and strips away citizens freedoms. All the while doing what all communist do to get elected, promotes the very opposite to cover it with false slogans and speeches. Communism has been the direct cause of the estimated 85 to 100 million deaths by Marist and Leninist evil regimes, along with their gulags and prison work camps. The Harris-Walz team does not truthfully support or believe in laws that limits government's power or those that protect individual constitutional rights based upon the Bible, they are Marist Communist and atheists. Both, Harris and Walz repeatedly lie about this, as Communist due to get elected!

REMEMBER THIS – On the initial outbreak of the covid virus, China banned travel from Wuhan to other Chinese provinces, but encouraged travel to and from international locations, while Dr. Anthony Fauci was pushing it as a local Chinese wet market virus. Then later, he pushed to vote only by mail for Barack Obama!

TRAITORS FOR PROFIT WITH BIDEN-HARRIS PROTECTION

RTX an U.S. aerospace and defense company, employees traded away Top-Secret technical information and components to China, Russia and Iran for money. It involves Air Force One, F-22 Raptor, F-35 Lightning II, B-2 Spirit Stealth, B1-B Lancer and the F/A-18, F-15 and F-16 Fighter Jets, also the Patriot Missile Defense System. **It involves nearly every major aircraft and missile system in their catalog, divulged Technical Secrets and components to Russia, China and Iran during commercial dealings.** Most of the components were hand carried to the foreign buyer while having commercial business sales meetings with Chinese and Russian militaries. They were fined only \$200 Million for secret technical information and components that took Trillions and Billions of Tax Payers funds to design, create and produce then the same again for upgrades, also placing America in grave danger from foreign powers. The violations constituted 750 violations of International Traffic in Arms Regulations and Arms Export Control Act for unauthorized export of defense articles and export of classified defense components that were secretly hand carried to foreign buyers of Russian and Chinese militaries. This information was obtained one day after an U.S. Air Force News Release that announced a \$1 Billion contract to RTX's Raytheon to upgrade the F-22 fleet, needed for military confrontations with Russia and China's militaries. Which had purchased by them the components to be used in the F-22 upgrade. China through RTX commercial dealing in aerospace components, were able to acquire Top-Secret Technical Information and components. RTX still holds all required Security Clearances to remain in business and deal with foreign militaries. This is due to the Biden-Harris administration's control over the Pentagon's militaries and RTX's protection.

PUBLIC CHARGE RULE

REPRINT

As reported in Spectra News, Illegal immigrants or Green Carders in the United States that have become a *Public Charge* because they lack the ability to fully support themselves without using *Public Assistance or take advantage of public aid*, can be and will be denied a visa or lawful residence, as it is written in our Immigration laws. The Progressive Democrats led by Kamala Harris- Barack Obama are actively trying to change that law. President Trump installed a *wealth Test* that went into effect 24 February 2020, it could weed out some of the 19 million illegal immigrants that have used public assistance, Social Services, and special Federal assistance programs that were meant for American citizens. Many, at taxpayer's expense, have been having babies, one after the other in an attempt to prevent being deported. Their babies being born here, maybe are American citizens and will create pressure for them and their parents to remain in America. Many of the illegal immigrants were given fake identifications by the Biden-Obama administration Progressive Democrats federal Agencies, many will ditch that ID and start using their real ID, so to have a clean record.

DISABLED FROM WITHIN

Due to their greed and own self betterment, our military Army and Air Force leaders have greatly undermined America's Defense abilities, by letting Germany strip them of all their 'Top Secret's' and those of our nation's Defense Systems. Then, they have put Germany's military in-charge leadership of all our military European Forces. This is while JCS Chairman General Mark Milley has purposely weakened our overall military strength and leadership, in his appeasement to the Obama-Joe Biden regime. Recently, the U.S. Air Force has armed them and some other EU countries that Germany has inducted into their German Command System, at 'No Charge' one of our best nuclear weapons the B61-12, made specifically for European mechanical hookups. This is all, after they swindled from the U.S. Air Force over 400 prior loaned nuclear weapons, with the use of some '*helping hands*' but never investigated, just three Air Force Generals being forced to retire with full benefits. It is a known military fact that America's enemies, some from within will infiltrate our military's leadership, communication and defense systems, to hijack and prevent a just response to an attack at the start of war. The Bible has given us a warning of this as we enter the 'latter days', read Ezekiel 7:14-15, 16:37 (lovers are allies). America, has stopped honoring our true God, and Father to please the Diverse Foreigners we have let enter our God built nation!

PROPHECY OF REVELATIONS

Upon the return of Jesus Christ to Earth, he will claim then sit upon the Throne of David to rule over the entire earth and then the complete universe. Some of His true family members that are asleep, will become awake and along with those still alive shall rise and meet him in mid-air, to become his subjects to assist Christ in his rule for the next 1000 years. For his first year, labeled the Day of the Lord, he will spend primarily destroying Satan and his Holy Roman Empire. Satan, at present is the ruler of this world and will go to war to continue being so, but Christ will defeat him and his empire, with its powerful military might. Then, chain Satan up for the next 1000 years. God, himself has revealed the entire event in the Bible and as He promised to give great understanding in the Latter Days, it is being done. God gave it to his Son, Christ gave it to an Angel, who then gave it to John to be put into written form. Christ said that all understanding will be given in the End Days, but the exact hour and day of its full complete fulfillment is only known by his Father, not by any man, nor any Angel of Haven. Jesus Christ is King of Kings, he has made it clear that "Father is greater than I". To understand more about this brief, "all" humans are created in the likeness of God and are given the opportunity to be born again into the family of God by adoption, to be able to share in the throne of his Son Jesus Christ if they are members of his church, being the Bride of Christ. To become and stay adopted as a Son or Daughter of God, you must surrender yourself to God and the teachings of Jesus Christ, to avoid the ways of Satan. To be submerged Baptized with its requirements, to be given your own mark that is written in the Book of Life, and stay written. READ JOHN 3, it is best to read with a modern Bible, for the English language was limited during the time of King James.

IT IS BIG!

The center of our galaxy is about 27,000 light years from earth, and it has some 200 to 400 billion stars in it, to make it to take 250 million years in making one revolution around it. There are some 6 to 8 trillion galaxies, God intends for his family to conquer and control space! God has a plan for every square foot of it and we're a key factor in His plan. First, we are to restore all the damage done in the War between Him and Satan back to its original state and that includes Earth, spending some one thousand years getting it done. Recently, it has been found that all the water from the world-wide flood is still there, but underground being pure and fresh! Like I wrote, God has a plan.

THE HARRIS BORDER BILL

The Border Czar's February 24th 2024, rushed Border Bill was self-enhancement and nothing more than an attempt to legalize their criminal, destructive Open Border policies. Congress refused to take the bait and saw completely through it, which even Biden's assigned 'Border Czar Harris' knew in advance that would happen. She was planning to use the vote down politically against the Republican's, saying it was they that refused to shut the border gates! Which the Barack Obama led Progressive Democrat keeps doing over and over again, while the nations News Media purposely refuses to disclose that the Border Czar Harris ordered all Border Patrol Chiefs, not to publicize any arrests of illegal immigrants that had ties to terrorism, in an attempt to hid the fact that terrorist were crossing the open borders! We yet have paid the price for this treasonous act, all for political gain!

During the first debate President Trump called out Kamala Harris to her face, as being a Marxist Communist, she never responded to it, because she and her partner Tim Walz are in truth, Communist. In fact, she was raised by Communist activists and Walz taught High School in China for the Chinese Marxist Communist government, being well trusted!
